PREFACE

This book asserts that the UPPER ROOM CHURCH of Acts, Jerusalem, AD 33, was alive and doctrinally intact in every century until this moment. It never died-ceased to function-or digressed into something else. Specifically, it never became catholicized. Petrine ecclesiology has always been separate and apart from any nominal religion that would not have or hold Acts two doctrinal tenets. (The Apostles laid down Acts 2:38 ecclesiology.)

Thus-it is false to think that Upper Room Christianity digressed to become Catholicism or High Protestantism. Equally, it is so wrong to assume that Martin Luther in his conductual-averagism could RESTORE such a holy ecclesiology as the Apostles laid down! It never needed restoration. Upper Room was always alive. In fact, we find that Luther restored little or nothing. There was no step-by-step restoration of our God's Church. Christ's words in St. Mt. 16:18 never failed! This Outline assures us that the Biblical Church never died, never became something else, and that it is alive forevermore.

A STORY ABOUT ONE-GOD APOSTOLIC HISTORY

Our history of the Judaic-Christian Church had origin on the Day of Pentecost, at Jerusalem, in AD 33. We could refer to it as: "History of the Apostolic Church." Some basic and fundamental doctrine laid down by the NT Church constitutes Acts 2: 1-4, 36, 38. This pious doctrine made history, a lengthy and illustrious history! History concerning the Church of Acts two is utterly fascinating and, we shall trace it through the centuries in this Outline. We launched The APOSTOLIC HISTORY OUTLINE with the good intention of acquainting interested readers with significant events, personalities, movements and developments in the history of the Pentecostal Apostolic Church.

No longer will One-God Apostolics be handicapped by a lack of knowledge about those who have preceded us in centuries past. Monotheistic Christianity is no longer shrouded in mystery. Clearly revealed are thousands of major historical events, events with important theological, geographical and chronological meaning. For many Apostolics--believers in Deuteronomy 6:4--it will come as a shock to know that the Catholic Institution slandered our Petrine ecclesiology as heresy by AD 325! The so-called Church of Rome invented dogmas of its own that, in a sense, made a heretic out of Apostle Peter! Vatican officials greatly attempted to defame the divine principles that constitute Acts two doctrine. Catholic hierarchy ignored Acts two doctrinal tenets. Further, some doctrinal roots of most of today's modern nominal religions are grounded in the religion of Rome. Obviously some parts of liturgies used in the modern Church world stem from the big Old World religious Institution. They do not line up with Acts 2:38 or Deuteronomy 6:4! Moreover, Reformers like Luther, Calvin and Zwingli, based some of their teachings and practices upon early traditions of the big European religion. Historians and theologians have parroted those things and they fill religious history books. They only told their side of the story! Devastatingly, biased and prejudiced historians have sometimes deleted, and often have distorted and smeared history concerning the Apostolic, meaning Jerusalemic Judaic-Christianity. Some did not like Acts two Pentecostalism. This is precisely why Apostolic history is harder to find. Therefore, to find history concerning adherents of Acts 2:38 ecclesiology we had to research under such names or words as: "Modalistic Monarchianism, Patripassianism, or Sabellianism!" Really, these words stem from slander. Apostolic Pentecostal Christianity went through fires of persecution. It's adherents sometimes greatly suffered, as we shall see. Catholic leaders as well European High Protestant ones martyred them by hundreds of thousands. We found Apostolic history by researching ancient records that told of their martyrdom!

Fortunately, even under the circumstances mentioned, we can construct the fascinating history of the Apostolics. Hence, this Apostolic History Outline is the product of tremendous effort, and it succeeds in constituting an authentic story concerning Christian history. Rev. Marvin M. Arnold, D.D., Th.D

CERTIFICATION

This is an effort to gain complete reader confidence. It is necessary to know assuredly that the ancient religious bodies we refer to as monotheistic were, One-God believing. Here is how we prove they were. We know that historians classified certain religious bodies as having been Monarchian, Patripassian, or Sabellian. This means that historians recognized them as having been adherents of Deuteronomy 6:4 and thus they denied Rome's Trinity. We know also that the Jesus Name water baptism was integral in these Bible-believing bodies.

MONTANISM, after Montanus, Montanists. These were tongues-speakers, had Spirit gifts and knew miracles. They were categorized as Sabellians-having no divisions in the Godhead. John Wesley considered Montanism true biblical Christianity.

DONATIST, after Donatus, Donatism. They were tagged as having been of Sabellianism and Patripassianism, holding a Judaistic Godhead concept along with the Acts 2:38 Christ baptism.

MANICHAEISM, after Mani, Manichee. They revered Pentecost, Jesus Name. They were classed as having been Monarchians and of Sabellianism. At first it had a doctrinal stigma, they corrected the matter. The Samosatenes, Artemonites, Donatists, Paterini, Bogomils, and other Oneness bodies were associated doctrinally with Manichaeism. After ca. AD 1800 not all Manichee were One-God believing.

SAMOSATENE, after Paul of Samosata, Samosatenism. Quote: "Paul held the Oneness of God without distinction of Persons. " He was a Judaic-Christian, holding Acts 2:38.

ARTEMONITE, after Artemon, Artemonites. They were avid Modalistic Monarchians. Remarkably, this Jesus Name religion lived on through the known dates of AD 1590-1633! In Europe John Crelliet, preached this Acts two doctrine.

CELTIC CHRISTIANITY. Planted in Glastonbury, England, by AD 37- 42, was Apostolic. Celts disseminated Acts 2:38 religion on all over western Europe. They baptized into Christ. Bede called them one-God people. It was dominant in W. Europe until ca. 1200.

NOTE: In relation, Catholic leaders referred to the above bodies as "heretics!" So did High Protestants. However, God raised them up, so His (Acts two) Pentecostal doctrine could travel through them. Otherwise--Catholic leaders and those in High Protestantdom would have destroyed Acts two tenets.

TO FURTHER CLARIFY THINGS: By AD 200 St. Peter's doctrine had to continue in Monarchianism, Patripassianism, or Sabellianism. Why? By AD 200 Rome had invented its own European religion, and then slandered biblical Christianity off Acts two as heresy. Later, ca. AD 500, these above One-God bodies were collectively, referred to by enemies as CATHARI, meaning--pure. Until AD 1164-1176, most Catharer was truly monotheistic and held the Christ water baptism. Yet later, by ca. AD 1150, the same monotheistic organizations were by historians, and Catholic leaders, collectively categorized as ALBI- GENSIANS. In Languedoc they had schools, farms, houses, and controlled 1000 cities until AD 1233. Then came the Catholic Inquisition

NOTE: Both Catholics and High Protestants referred to them (The Albigensians) as Widertauffer, Sacrament-schwärmer! Lutherans mass murdered them. Nevertheless, Acts two ecclesiology traveled in them. In Martin Luther's lifetime, these same One-God organizations were called "Anabaptist." It was after Peter Waldo's time of AD 1164-1179, that there arose many Trinitarian Protest bodies, and historians also referred to them as Anabaptist. In Luther's time the Christ (Acts 2:38) water baptism continued in One-God Apostolic organizations. In 1578 there was an INTERNATIONAL FEDERATION of APOSTOLIC CHURCHES. Rev. M. M. Arnold, D. D.

GLOSSARY

Here are some words or names used in this book. Sometimes their definitions or meanings are only found in history books. Many of these words are not in our dictionaries. We used the following definitions.

APOSTOLIC: Apostle-like, what the Apostles taught in Acts. The doctrine the twelve apostles preached.

ALBIGENSIANS: Of Albi, France. They were mostly Apostolic Christians in organizations called by this name-especially between AD 900 and 1490. Some called them Cathari.

ANABAPTIST: Anabaptism. This simply means to re-baptize someone. Apostolics would always re-baptize converts forsaking Rome's mode into the Acts 2:38 formula.

ARIANISM: Arius, Arians of ca.AD 290-335. Arianism never died. Arius was excommunicated at Nicaea for denying the Trinity idea.

ATEMONITES: Followers of Artemon. He was a Monarchian with Acts two doctrine in Septimius Severus' time. AUTO Da FE: It meant to Catholics-An Act of Faith! That is, they burned non-Catholics at the stake! It was a gala affair for Spanish Catholics, like a carnival! Especially they burned Jews. There were at least 2000 Autos in Spain alone.

CATHARI: Catharer, or Cathari, meant pure. This was a general term. Most were Apostolics in many different organizations. Rome's religious institution slandered Donatists as Cathari.

CATHOLICISM: The whole Catholic system, the total concept. It falsely called itself Christianity.

CATHOLIC HIERARCHY: The top Romish leaders, the episcopi episcoporum.

COERCIONISM: The use of verbal or military force. **CONCORDAT:** An agreement between a pope and a sovereign or government. However, we refer specifically to the one drawn up, on July 20, 1933, between Eugenio Pacelli (Pope Pius XII), and, Nazi Germany's Adolf Hitler. Its Article 16, signed the Catholic system in Germany over to Hitler.

CONDUCTUAL-AVERAGISM: It means the average morality of an average sinner on the street. Conduct of unregenerates, a low standard of holiness.

CONFISCATION: I use this word herein to denote the scheme or practice of the Catholic system during its INQUISITIONS as it STOLE or SEIZED non Catholic's properties. Catholic Hitler stripped the Jews, is an example. Catholics stripped the Waldenses.

CONSTANTINIANISM: This means the spirit of Constantine that seeped into Catholicism; cruelty, force by decree or military means. The evil practices in Rome's religion.

DONATUS: Donatism, after Donatus, one-God Christianity.

EBIONITES: Economically poor Palestinian Jews that held Acts two belief.

GLOSSOLALIA: Holy Ghost tongues-speaking other tongues.

INQUISITION: Earth's most horrifying thing. It was the Catholic scheme to inquire into a non-Catholic's religion, a forced Roman Catholic Inquest, Tribunal Courts. Pope Gregory IX launched the great INQUISITION in 1233 and lasted until 1834. In it some historians estimate 68,000,000 perished, Romish Inquisitors like Torquemada confiscated their properties. Ferdinand-Isabella and later Hitler all operated about the same. In 1478 Sixtus IV ordered the Inquisition into Spain. In 1933 Pope Pius XII signed the CONCORDAT with Hitler's Nazi Germany. They killed millions of Jews.

INQUISITOR: Usually a Dominican priest a spy. He spied on those alleged to be heretics-Jews and Apostolics, etc. He got 1/3rd of the bounty.

KERYGMA: Apostolic preaching of Acts two. **MANI:** Manichaeism. Mani founded the Manichee bodies. He was a Persian of ca.AD 240. The Manichee held the Oneness Godhead and Acts two doctrine until ca. AD 1800.

MODALISTIC MONARCHIANISM: This means "one-God" doctrine. One "mode" of worshipping one "MONARCH-God." It was the Deuteronomy 6:4 Godhead belief of the Acts 2:38 Apostolic people. They were Jesus Name Christians.

MONOTHEISM: Hebraic, one-God belief as is in Deut. 6:4. **NOETUS:** The founder of Noetianism, of Noetians. He was a one-God bearer of Acts 2:38 ecclesiology, of AD 150? to 219.

PEREGRINI: A peregrine was a land traveling as well a roving missionary, early preacher. Often they preached where a ship docked, e.g., Glastonbury, England by AD 37-42.

PRIMITIVE: The first and oldest, as applied to Upper Room Christianity. It means original, also. Thus, Upper Room Christianity is primitive.

PRISCILLIANISM: It was the same as Montanism, a tongues-speaking variant of Oneness Pentecostalism. Priscilla, a glossolalist, was in Montanus' church, therefore the name.

PATRIPASSIAN (ism): Pa-tri-passian means The Father Himself suffered. It denied Rome's Trinity idea. It denotes Acts 2:38 doctrine in a "Jesus Only" sense. It was the same as Judaic-Christian monotheism. It went with Deut. 6:4.

SABELLIAN: Sabellius, of AD 257, propagated one-God-ism of Deut. 6:4 that its enemies nicknamed, Sabellianism. Sabellianism was a one-God doctrine coupled with Acts 2:38 tenets. It bitterly denounced Rome's Trinity theory. The nominal religious world despised (despises) the doctrine.

SAMOSATENES: Paul of Samosata founded Samosatenism. They were also called Paulianists. They held Acts two tenets as well as a Judaistic Godhead doctrine. Blunt, on p. 516, classed him as a Sabellian-Monarchian with Acts 2:38 ecclesiology. His wife was a Jewess.

THAUMATURGY: This means unnumbered divine miracles by the hundreds or thousands. See: R. A. Knox, pp. 375, 376, about 600 miracles, outpouring of divine miracles.

WIEDERTAUFER: It was a medieval slander hurled at rebaptizers (Anabaptists). It was of German origin. To rebaptize Lutherans or Catholics often meant the death sentence.

WINCKELEHE: What Catholics as well High Protestant Reformers slandered as illegal marriages, it insinuated that a man and his wife were illegally cohabiting if a Catholic or Lutheran priest did not conduct the wedding ceremony.

WINCKLER: It means a hidden or out-of-the-way place; a conventicle, or secret place of worship.

WINCKELPREDIGTEN: It means secret worship, and winckel-preachings.

WINCKLERISM: Catholic, Lutheran, and Zwinglian leaders slandered every religion outside of their own as Wincklerism. This also included Apostolic Christianity.

ZWANGTAUFE: It was specifically a cruel Roman Catholic invention. Zwangtaufe means, "water baptism by force into the Trinity formula." Reformers supported Zwangtaufe.

APOSTOLIC HISTORY

INTRODUCTION

Millions of studious Christians are currently showing great interest in religious history. It is a vital study. More specifically, in the end of the 20th century brilliant minds are in quest of facts concerning Apostolic Pentecostal history. This is as it should be. Many ask: "What went on?" This question depicts a need for Apostolic history. This was one reason for "APOSTOLIC HISTORY OUTLINE." People want to know what went on during the centuries. Heavily documented, this reliable and understandable Outline depicts ancient and modern functions of the Jerusalemic (Acts 2) Church. Christ's Church of Mt. 16:18 never died. It was always alive and never ceased to be doctrinally and spiritually intact for ALL PEOPLE in all AGES. Thus, great numbers out of all time areas and walks of life could be "born.-again" into it.

We have omitted suppositional material. We certify that the facts-dates, figures freely and quotes-are accurate. Further, readers may freely check the references. There is a bibliography. This book should be a standard reference tool in all church libraries. With it one can conduct his own research. It goes with home Bible study. It is for general study, and is a college level textbook of historical knowledge. It is original.

The world has been theologically deceived. What is a Catholic AUTO Da FA? Have you read the CONCORDAT? It was an international and binding agreement between Eugenio Pacelli (Pope Pius XII) and Nazi Germany's Adolf Hitler concerning the Roman Catholic Church. There have had been some very shocking things done under the name of Christianity. In our lifetime we have read about the horrifying USTASHI! There were many "holocausts." The author discussed many things of this nature in this history outline. Both Apostolic and Jewish history was traced. You will be fascinated, for this Outline is not one historian repeating or parroting another. Read about the Catholic sponsored Spanish Inquisition that, until recently, was an antiquarian diversion. However, some 20th century religious things bring a horrifying reality to our time. Yessar Arafat of the PLO, was applauded at the Vatican on September 8, 1982! Many similar things are converted into a dreadful warning to us. The quotes, etc., used in this Outline are from the most credible of historians-Heick, Harnack, Hogben, Knox, Hayes, Schaff, Langer, Verduin, Bernstein, Green, Blunt, etc.

Another big objective of this work is to prove that the doctrine of the Upper Room Church was not only known about-but was unwanted-by those alleged to be Reformers. Most do not know that Apostolic preachers went to present this doctrine to Luther in 1525. Zwingli went to conventicler Pentecostal prayer meetings. There was an INTERNATIONAL FEDERATION of APOSTOLIC CHURCHES in Moravia in 1565! Pentecostalism was all around the Reformers. It never needed RESTORATION or REFORMATION! Europeans at St. Gall, Zollikon, Cologne, etc., knew the "born again" experience. Further, we can now state that the Topeka and Azusa Holy Ghost outpourings were not total innovations; instead, that there had been hundreds of others in every century since Pentecost. We trust this Outline will be informative. It traces the Upper Room Church through every century into the twentieth. We trust that to you this book will appear to be fashioned like a chain, a sequential model of the way Apostolic History came through the ages. Reverend Norman Zeno, M.A., Seattle, Washington.

AD 33 to 100 THE BIBLICAL CHURCH of ACTS TWO of JERUSALEM Primitive JUDAIC-CHRISTIANITY

AD 33, In JERUSALEM. Jesus Christ founded the Biblical Church. Only Acts 2:1-4, 36, 38 ecclesiology taught- along with Deuteronomy 6:4. St. Mt. 16:18, 19 was fulfilled. 120 Jews were converted the first day. 3,000 more were added. Then 5,000 more entered. (Acts 2:4, 4:4) Some Gentile proselytes were converted to apostolic doctrine. Acts 2:38 descended along with the Holy Ghost. VISITORS to Jerusalem carried the Upper Room doctrine back to their homelands.

AD 33-40, Regions around Jerusalem evangelized. Judeans saved. (Acts 15:1). Later, Judeans were called Ebonite's.

AD 34 & 35, Samaritans received the Holy Ghost.

AD 34, Deacon Philip baptized the Ethiopian eunuch in the Name--Jesus Christ. (Acts 8:27). Acts 2:38 doctrine was taken to Ethiopia. Ethiopian Apostolic Christianity founded. It was later called North African Christianity; it spread through the continent. It never perished.

AD 35 & 36, Cornelius' household was converted. (Acts 10:48)

AD 37-42, A missionary took Acts 2:38 to Glastonbury, England. Then Celtic Apostolic Christianity started.

AD 45, APOSTLE PETER fled to Babylon. (Asian, by the Euphrates) Petrine doctrine spread into Asia, Far East. Peter never got to Rome. Peter was a Jewish escapee from a Roman prison, had he have gone to Rome he would have been killed on the spot! Peter (or Mary) had nothing to do with Catholicism.

AD 34-40, A missionary endeavor started. (Acts 13:2). Paul, Silas, Luke, and Barnabas called. The Gospel spread.

AD 46 & 47, Cyprus Christianized with Acts two doctrine.

AD 46-50, Asia Minor WAS EVANGELIZED Paul, et al, evangelized Asia Minor and lower Europe. One-God-ism and Holy Ghost glossolalia injected. (Acts 15:41). There was no Trinitarianism.

AD 51, At ATHENS Paul preached on Mars Hill. (Acts 17:22). Dionysius and others converted.

AD 50-60, Thaddeus indoctrinated Armenia.

AD 51 & 52, JEWS were driven out of Rome. Peter could not have been there.

AD 50-60, Apostle Thomas indoctrinated Malabar, India, with Acts 2: 38 doctrine. It was a Jewish settlement. It seems safe to say that Apostle Thomas' Acts 2:38 doctrine reached China.

AD 61-64, St. Paul was in Rome, but he preached to Jews in the ghetto. (Acts 28:17). There is no record that he reached Spain.

AD 66-96, The APOSTLES passed, died. In AD 66 the evil clerics started to arise. Hymenaeus, Alexander, Phygellus, Hermogenes, Demas, Philetus, leave the true faith. (II Tim, 1:15, 2:17) Apostate preachers crept in. They would not endure sound doctrine of Acts two. Some wanted a Grecized-Latinized religion instead of the Jerusalemic. They loved not the truth. "ST. JUDE CRIED OUT!"

AD 66-90. THEY WENT OUT FROM US, because they were not of us. (I John 2:19; Jude 1-3). Most were apostate Greeks who had been seethed in Platonism, polytheism, mythology, and philosophy. Some could never understand monotheism as in Deut. 6:4. St. Mt. 24:24 had foretold of these false clerics. I Tim. 4: 1-3 was fulfilled. Of their type were the so-called POST APOSTOLIC FATHERS. Such men- Clement of Rome, Ignatius, Justin, Shepherd Hermas, Polycarp-later founded the Catholic cult of Rome.

By AD 150 it evolved into the counter system-the Church of Rome with vain bishops and priests; and by AD 340 it had popes. St. Jude saw the early ROOTS of CATHOLICISM! THE JERUSALEM CHURCH WAS NOT CATHOLIC. It never became catholicized.

CATHOLIC CHURCH: AD 100 to 200

AD 100, the Father, Son, Holy Ghost formula was first used in baptism - a Catholic invention. POST-APOSTOLIC FATHERS arose.

AD 90-140, the INCHOATE CATHOLIC PRIESTHOOD AROSE. I Timothy 4:1-2 was fulfilled. PreCatholic bishops arose: Clement of Rome-AD 30-100; Ignatius--50-115; Shepherd Hermas-90-132; Catholic Polycarp-69-155; Catholic bishop Justin Martyr--90-165. These Greek apostate "Fathers" issued spurious LETTERS. Early Catholics issued credentials, and rushed to preach where the Apostles had preached. Falsely they claimed, "APOSTOLIC SUCCESSION." Clement said: "Almsgiving is better than prayer!" TRINITARIANISM invented. It was derived from Plato's celestial arithmetic. Tertullian twisted Plato's TIMAEUS into his "TRINITAS." Here started the Trinity! Early CATHOLICISM FOUNDED

AD 90-140 Catholic bishops amplified Rome. This system had its church in Rome by ca. 140. AD 140, Only a few Catholics at this date.

AD 144, Rome fought MARCION, a Patripassian. He baptized in Jesus Name. His NT did not have a St. Mt. 28:19 Triune phrase in it!

AD 150, Catholic Polycarp was at Rome, he and preope Anicetus corrupted the EASTER date. Note: EASTER pascha ^3957^, mistranslated "Easter" in , KJV, denotes the Passover (RV) The phrase "after the Passover" signifies after the whole festival was at an end. The term "Easter" is not of Christian origin. It is another form of Astarte, one of the titles of the Chaldean goddess, the queen of heaven. The festival of Pasch held by Christians in post-apostolic times was a continuation of the Jewish feast, but was not instituted by Christ, nor was it connected with Lent. From this Pasch the pagan festival of "Easter" was quite distinct and was introduced into the apostate Western religion, as part of the attempt to adapt pagan festivals to Christianity. See PASSOVER.

CATHOLICISM WAS NOT CHRISTIANITY It was a system, a combination of the Imperial Roman, Mithra and Orphic cults.

CATHOLIC FATHERS INVENTED A TRIUNE GODHEAD AD 160-180, Catholic Bible canonized. (Scholars think the words Father, Son, and Holy Ghost, were made to suddenly appear). CATHOLICISM STOLE THE WORD: CHRISTIANITY!

AD 173, Cath. synod in Asia Minor called by Apollinarius against Montanus, and tongues-speaking Montanism. COERCION ATTEMPTED BY ROME! CONDUCTUAL-AVERAGISM in Catholicism. Apostolic Ethiopians challenged Roman Church. Catholics persecuted Jews and Apostolics in Africa and Europe.

AD 175, Early ideas about purgatory, catechism, and confirmation seeped into Catholicism-adopted from the Orphic cult.

AD 193-211, Emperor SEPTIMIUS SEVERUS forbade any to join One-God Christianity or Judaism! Catholic EPISCOPATE formed at Rome.

APOSTOLIC CHURCH: (The Acts Two Church). AD 100 to 200

Acts 2:38 water baptism continued. Tongues-speaking continued. APOSTOLICS DOMINATE. There appeared Noetus and Praxeas. They preached One-God.

AD 96-100, Apostle John died. He carried on for Paul. Graeco-Roman world evangelized with Acts 2:1-4,38, doctrine. Armenia, Malabar, Saxony, Glastonbury, Languedoc, Frisia, etc. reached.

AD 117, Pliny wrote about spread of One-God Christians. NOETUS was the first Modalistic Monarchian; PATRIPASSIANISM became known. (One-God-ism) Outpourings of the Holy Ghost, glossolalia, were widespread. CELTIC peregrini (missionaries) spread Acts 2:38 over western Europe. The Gospel in China. There were early scroll Bibles. Jews at Qumran printed BIBLES. Apostolics possessed Bibles. AD 160, TWO CHURCH SYSTEMS! There arose the false Church of Rome. There was also the continuing APOSTOLIC CHURCH of Acts two-Jerusalem's religion. They were not the same. There was verbal warfare! Rudolf Sohm stated: "Primitive Christianity was never Catholic." Christianity never became ROMANIZED. Note: JUDAIC- CHRISTIANITY continued under the names: MODALISTIC MONARCHIANISM, PATRIPASSIANISM or SABELLIANISM. Monarchianism (one-God-ism) was dominant in AD 230. these were apostolic doctrines.

AD 157, MONTANISM amplified. Montanists were Apostolic tongues-speakers. Montanus was of Phrygia, where Paul had preached. Montanism was classed as SABELLIANISM. Montanism was alive in Moravia as late as 1909. AD 177, Tongues-speaking Motanists were in Gaul. Catholic Irenaeus saw "nations" of Apostolic glossolalists in Lyons in 177. Gifts of the Spirit. ALOGI, they were antiLogos Christians--Apostolic people in different religious organizations.

AD 180, THE North African APOSTOLIC CHURCH fought the Catholic system. AD 180. "ACTS of SCILLITAN," this was a One-God document. In it the African Apostolic Church rebuke Catholic immorality. AD 190, Artemon was born, a Patripassian preacher. There were thousands of One-God preachers like him. Patripassians used the Acts 2:38 baptismal mode.

CATHOLIC SYSTEM: AD 200 to 300 AD 203, Emperor Septimius Severus fought one-God people in Africa. AD 190-230, Few Catholic's in Africa, outnumbered by Jesus Name Monarchians. TRINITY GODHEAD IDEA EVOLVES. AD 210-220, TERTULLIAN twisted "TIMAEUS" into his famous "Trinitas!" AD 210, Catholic Eucharist- Communion, invented. AD 210-220? Romish bishops-CALLISTUS and ZEPHYRINUS adopted one-God-ism. Tertullian wanted them excommunicated!

AD 217-222, Callistus devised "Penitential System, " then hail Marys, cuttings and self-tortures came. There was Do Penance!

AD 217, Callistus proclaimed himself: PONTIFFMAXIMUS. Hebraic monotheism utterly ignored by Catholic system. EVOLUTION OF TRINITARIANISM

His murderous spirit infiltrated Catholicism-CONSTANTINIANISM! Arius and ARIANISM appeared. ARIUS denied the Trinity idea by ca.

AD 300. Most Arians immersed in the Name-Jesus Christ. By AD 800 Arianism, in Europe, was close to Jesus Name monotheism. AD 287-301 St. Gregory (and Emp. Diocletian) forced 4,000, 000 Armenians to become Catholic or suffer death! Gregory and Diocletian burned Holy Bibles and confiscated One-God Churches!

CATHOLIC SYSTEM: AD 200 to 300

AD 190-230, Few Catholic's in Africa, outnumbered by Jesus Name Monarchians.

TRINITY GODHEAD IDEA EVOLVES.

AD 210, Catholic Eucharist- Communion, invented.

AD 210-220? Romish bishops-CALLISTUS and ZEPHYRINUS adopted one-God-ism.

Tertullian wanted them excommunicated! AD 217-222, Callistus devised "Penitential System, " then hail Marys, cuttings and self-tortures came. There was Do Penance!

AD 217, Callistus proclaimed himself: PONTIFFMAXIMUS.

Hebraic monotheism utterly ignored by Catholic system. EVOLUTION OF TRINITARIANISM

AD 220-240, Sapor II of Persia banned Catholicism.

Sapor held monotheism and Acts two doctrine. Rome invented AD 230, The observance of STATION DAYS. Some vain martyrdoms. Martyr's relics were collected. Purgatorial and infant baptism ideas exploited. Confirmation established.

AD 250, DO PENANCE was enforced.

Biblical repentance was thrown out.

APOSTOLIC CHURCH: AD 200 to 300

JUDAIC CHRISTIANITY continued under the names of Modalistic Monarchianism, Patripassianism and Sabellianism.

AD 204, Basilides martyred, he held Acts 2:38. AD 210, Celts took Acts two ecclesiology to Languedoc, Flanders, Frisia and Saxony.

AD 215, Sabellius was in Rome. He was a preacher of Petrine doctrine along with Deuteronomy 6:4. SABELLIANISM denied the TRINITY THEORY. ACTS Two CHURCH was never Roman Catholic.

AD 220, Great Noetus, the Patripassian, died. There were by AD 200 hundreds of thousands of such minded men. Noetians were nicknamed, Alogi. In such bodies there continued Holy Ghost tongues speaking, gifts of the Spirit, etc. This Apostolic doctrine was in Europe, Eurasia, Asia including China, and N. Africa.

The Jerusalemic religion was dominant. Tongues speaking, gifts of the Spirit were denied by the Catholic system.

AD 230, TERTULLIAN declared that tongues speaking Monarchians outnumbered Catholics.

Few Catholics in Africa in AD 370. GREAT MANICHAEAN BODIES

AD 250 MANI, born in Persia, was a Judaic-Christian. He was both hated and badly smeared (defamed) by Catholics as well as their historians. He baptized in Jesus Name, knew glossolalia and kept the Feast of Pentecost. It was One-God Pentecostalism, but had a stigma. Later the stigma was removed. SAMOSATENE CHIRISTIANTITY

AD 269, PAUL of SAMOSATA (in Asia Minor) was an ex Catholic. An avid Patripassian, Catholics called him a Sabellian.

Paul held the Godhead without distinctions) Paul bitterly fought Rome. And Samosatenism never died. Samosatene Armenian Christianity was alive in 1551.

AD 274, MAMAS, was an Apostolic Preacher of Cappadocia, and was thrust through by Catholics. He had a Bible.

By AD 300 there were thousands of Cappadocians holding Acts 19:1-5 doctrine. DONATUS came on the theological scene. DONATISM was of Sabellianism or Patripassianism. It never died.

In AD 350 Donatus had 400 churches and as my many ordained bishops that immersed in the Name-Jesus Christ. QUOTE: "In the forms of some of these different sects (Montanist Donatist, Sabellian, Arian, etc.) the Monarchian controversy agitated the church of Rome...during the third century, and forth, and called for the two great Councils of Nicaea and in the Constantinople."

CATHOLIC SYSTEM: AD 300 to 400

AD 303, Catholic Emp. Diocletian burned Bibles, and martyred Apostolic Christians and Jews. Catholics called everything else, "heresy!" AD 313, the EDICT of MILAN. AD 313 & 314, was the Council of Arles. However, Constantine moved against Monarchians, burned Bibles, confiscated and stole African Apostolic Churches. AD 313, the battle of Milvian Bridge. Constantine killed his in-laws, a mass murderer. AD 313, Constantine defeated Licinius. CONSTANTINE-EMPEROR OF ALL ROME. AD 324-337, Constantine ruled. He confiscated the Lateran and gave it to Catholic system. St. Peters Church erected.

AD 319-324, ARIUS and Arianism infuriated Constantine and the Catholic leaders. There was a great plot against all non-Catholics.

AD 325, May 20, then 318 Catholic bishops went to Nicaea, Turkey, for the big Council. AD 325, the famed NICENE COUNCIL there was CHURCH and STATE, apostasy reigned. Plato's celestial mathematics (Timaeus) was the basis for The European Trinity. COERCIONISM and CONSTANTINIANISM started in force! NOTE: Catholicism was not Christianity; Jerusalemic: Christianity did not become Catholic!

AD 325, The Roman Imperial, Mithra, and Orphic Cults amalgamated at Nicaea and formed Catholicism; then Catholic framers reached out and stole the name-Christianity, and applied it to this Catholic system. Catholic Trinity GODHEAD idea finished. Then the Greek-Latin Trinity baptism: Father, Son, and Holy Ghost, was forced upon nations. ZWANGTAUFE, baptism forced upon people.

AD 335, ARIANISM defeated TRINITARIANISM at Council of Tyre. More Arians than Catholics. There were untold numbers resisting Nicaea's Trinity-called "AntiNicens." Millions wanted the Trinity idea destroyed. AD 340, AMBROSE Of Trier, first Italian pope, unconverted at coronation. AD 330-340, Prayers for the DEAD, and praying to the dead had origin. AD 352, Ash Wednesday, Lent, Easter, and MASS in use. Chantings started. AD 370, Catholic system was FEEBLE. AD 381, The THEODOSIAN CODE. It was a DEATH CODE designed to exterminate non-Catholic, including Jews. AD 381, The Council of Constantinople-there the Trinity was completed. There was Catholicism forced on people by IMPERIAL EDICT! AD 382, Jerome translated the Catholic VULGATE Bible.

APOSTOLIC CHURCH: AD 300 to 400

Biblical Christianity continued in Monarchian, Patripassian, Sabellian, and Montanist bodies. These were about the same doctrinally. They held Acts two. Quote: "...The major churches of the...East were of Apostolic origin." Most held PETER'S Acts 2:38 ecclesiology.

AD 304, Emperor Diocletian killed Jesus Name people Alban, Aaron, and Julius of Britain, of the Glastonbury church; Theonas an Apostolic, was martyred, as was Secundus by Rome. Pentecostal Montanism swept through the nations. There were continued MIRACLES and TONGUES. Wolflein was baptized in Jesus Name. N. C. Eberhardt said he was a one-God man. AD 320-340, WOLFLEIN (Little Wolf, also Ufilias) was one of the greatest of Apostolic preachers. He translated the GOTHIC BIBLE. He baptized-or caused millions among the Indo-European tribes to be immersed in Jesus Name. He practiced glossolalia. JERUSALEM'S TRUE CHURCH CONTINUED! Doctrinally--nothing changed for the Apostolic masses. True Christianity did not become Catholic after the NICENE COUNCIL of AD 325. There were dominant numbers of AntiNicenes. Nicene dogmas meant nothing to Monarchian bodies. However, persecution was more severely levied against them. Petrine doctrine was in Europe, Asia, and Africa.

AD 348, Emperor Julian and militant Catholics martyred Donatists. The Romish hierarchy slandered all others as, "HERETICS!" TRUE RELIGION WAS SLANDERED and LIBELLED. (Note: From here on histories became full of slanders and slurs aimed at non-Catholic!) AD 350, the name-CATHARI (pure) appeared. There were countless Holy Ghost outpourings, profuse showers of glossolalia, and divine miracles known.

AD 361, Cappadocian Apostolic edifices (churches) confiscated by Catholics of Constantinople. Our world has been duped into supposing Catholicism was dominant by AD 370. There was but a handful of them in Africa. The few Asia Minor Catholics did not have church buildings! AD 390, Emperor Theodosius II killed 7000 Jesus Name Thessalonians. NOTE: True Christians have underestimated their historical importance. Great men, like Wolflein, sowed Acts 2:38 doctrine all through Indo-European tribes. There was a "common cause" atmosphere between Arians and Apostolics throughout Europe.

CATHOLIC SYSTEM: AD 400 to 500

AD 402, Innocent I claimed the pope was the universal leader of the Catholic religion. AD 402, There were only about 64 bishops in Africa and Asia Minor. AD 395-408, Stilicho, a Vandal, ruled Africa. He ran the Catholics out of Africa.

ROMAN EMPIRE in TROUBLE AD 410, the Catholic hierarchy was in trouble. ALARIC ravaged Rome. AD 411, St. Augustine had Emperor Honorius massacre Pentecostal Donatists. Augustine's filth: (Confessions). European Teutonics rejected Catholicism. Masses of Arians became Jesus Name. Apostolic Christians and Arians coexisted peacefully.

COUNCIL of EPHEBUS

AD 431 Then 199 bishops proclaimed Mary to be, "MOTHER of GOD!" Cyril and militant Catholics rioted and persecuted Ephesian Christians. Cyril was jailed for that!

AD 440-461, LEO the GREAT was the first real pope.

AD 441, Saxons captured Britain.

AD 443, YEZDIGIRD, a monotheist, ruled W. Europe.

AD 445-453, the HUNS ruled Europe, and many were Arians or Apostolics. CATHOLICS BURN ALLEGED HERETICS! ROME-MARKED for DESTRUCTION! (Daniel 7:23).

In AD 451 was the COUNCIL of Chalcedon.

AD 453, Pentecostal glossolalists martyred by Pope Leo I, some were tongues-speaking Priscillianists. There was Church and State. Quote: "Devotions to the Holy Spirit has often not occupied a central position among Catholics... the emphasis upon internal illumination, which it involves, is so dangerous to the church." Bainton stated that the Vandals were more holy than Catholics.

AD 455, VANDALS LOOTED ROME. Apostolics had rest.

AD 476, ROMAN EMPIRE FELL! Rome could no longer lord over other nations. Vain historians wept and moaned over the fall of corrupt Rome! It was mainly secular Roman corruption as well Catholic apostasy that brought the so-called DARK AGES. Nevertheless, Pope Gelasius,

AD 496, proclaimed the popes to be ABOVE all laws, and not subject to any authority! Was this outlawry? DARK AGES from AD 476 to 1000.

AD 483, BAR SOMA embraced monotheistic Nestorianism in Armenia. For centuries Nestorianism was a variant of Apostolicism, Acts 2:38. APOSTOLIC CHURCH: AD 400 to 500 Most of the non-Catholic Christian bodies were collectively referred to as, CATHARI.

AD 400-497, Pentecostal Donatists were more numerous than Catholics. Manichaeans became known as Bogomils. From AD 296 until 1100 they were violently slaughtered by militant Catholics. At this time many True Christians sought protection under the Goths and Vandals.

AD 419-501, Toulouse was a GOTHIC state. It was protected as an Apostolic stronghold. SEVEN CHURCHES OF ASIA yet ALIVE! (Rev. 1:11) JESUS said, "The gates of hell shall not prevail..."ONE MAN TOLD ANOTHER" about Acts 2:38. AD 431, NESTORIANISM, an Apostolic variant swept from

Petra to China. Until ca. 1700 most Nestorians were monotheists and used Acts 2:38 tenets. Most then knew Spirit glossolalia. Nestorius refused to call Mary, The Mother of God.

AD 440, Catholics were run out of Armenia. One-God-ism and glossolalia immediately had a revival.

AD 440, Spirit tongues were in Persia. Celtic Pentecostalism was widespread in W. Europe--Frisia, Saxony, Languedoc. They baptized into Christ. Pentecostalism traveled in most bodies of Montanists, Manichee, Nestorians, Samosatenes and Artemonites. These were mostly Patripassian. They, by 440, had Gothic Bibles. Tongues' speaking was in Hemisphere.

NOTE: "God...He left not Himself without witness..." (Acts 14:17). Inevitably some persons held Peter's doctrine. True Christianity was a dominant force helping to shape history.

AD 476, The cruel Roman Empire had been divinely destroyed. Thus Jerusalemic Christianity could more spread; and spread it did. There were monotheistic Ebionites in Palestine with the Christ water baptism. Origen hated them. Acts 15:1-5 described them. They were of Apostolic faith.

AD 497, NOTE: We see now that the Upper Room faith-meaning Primitive Judaic-Christianity of Acts two-consisted of a number of fraternally linked communities or pious organizations. We refer to Monarchian, Patripassian and Sabellian bodies. They bitterly opposed emerging Catholicism. They held 'olden Apostolical traditions' and used Christ Name exclusively. They held the Church of Rome to be the antichurch. The Non-Catholic bodies we mention held doctrines of earlier Judaic-Christians. They especially adhered to the Jesus Name water baptism (Acts 2:38) and Mosaic Godhead doctrine of Deut. 6:4. The Catholic system cast them out--out of what its vain hierarchy called the, "Cathedra Petri!"

APOSTOLIC CHURCH: AD 400 to 500

CATHOLIC SYSTEM: AD 500 to 600

EUROPEAN TRINITARIANISM fought MONOTHEISM. NOTE: Catholic invented Trinitarianism caused more mass deaths; over 68,000,000-more than any other thing. The magic in numeral three (3) of the TRINITY-has created havoc, hysteria, and divisions that led to millions of deaths. Few people realize that anti-Semitism, which led to the Inquisition of Spain, (with its Auto Da Fe's and quemaderos,) and bred anti-Semites like Catholic Ferdinand and Isabella, Torquemada, (and Hitler,) stemmed from Rome's Trinitarianism! AD 506, Clovis an Emperor. Arian Goths and Visigoths fought Catholic armies and gave protection to monotheistic Christians. AD 508, Western Europe was not catholicized. There was no thought of papal power. HARNACK wrote, "Catholicism is a Greek product in a Christian dress...A Greek religion under the alien influence of Christianity.", AD 531, JUSTINIAN, was a Catholic Emperor. He compiled Roman laws into the, NOVELLAE. Here were the basic laws the Vatican used in the INQUISITION!

AD 533, The NOVELLAE (Roman laws) constituted the JUSTINIAN CODE-a right to kill law! Under it almost all non-Catholic could be slaughtered at will and their belongings confiscated! It was earth's most inhuman and inhumane law. CATHOLIC INQUISITIONAL LAWS. ZWANGTAUFE and COERCIONISM reign! Great numbers were forced into Catholicism. The Justinian Code meant genocide and confiscation of properties for Arians and others in Non-Catholic religious organizations. Under this law Jews were mass murdered.

AD 563, COUNCIL of Braga was held. It condemned tongues-speaking Priscillianists. AD 565 Justinian was captured and killed by those he had tried to destroy, the Goths.

AD 570 MOHAMMED was born. (Muslims in Spain were Moors). Muslims, (Moslems, Mohammedans) instantly killed Catholics on the spot and they erroneously called them Christians. But Mohammedans seldom killed Jews or other One-God believers. The Mohammedan "COVENANT of UMAR" gave protection and rights to both Jews and one-God Apostolics. Both pious Jews and Apostolics to Muslims were, People of the Book. There was friendly trade between them.

AD 597, AUGUSTINE--a monk--was sent to Britain along with 40 other clerics by Pope Gregory I. Canterbury became a Catholic center. The British Isles were full of (Celtic) Apostolics, and Catholic Augustine made but little headway.

APOSTOLIC CHURCH: AD 500 to 600

CATHARI--were people of the True Christian Church in different organizations. They had Gothic Bibles. UPPER ROOM doctrine shined throughout DARK AGES. The individualistic makeup-yet-doctrinal like-ness-of the Cathari organizations we mention, together with the courage of their refusal to conform to the norms of corrupt Catholicism, led them in the biblical way to maintain Acts 2:38 ecclesiology. Beyond the reach of Rome in outlying places such as Saxony, Frisia (Netherlands), Languedoc, etc., there were whole organizations of Acts two Christians. J.B. Russell mentioned these Apostolics, and Migetius--an Apostolic preacher of AD 563. Contrary to biased histories, it was through Montanism, Donatism, Samosateneism, and Celtic-Gothic doctrine, etc., that Acts 2:1-4, 36, 38, tenets traveled.

AD 502, WOLFLEIN'S One-God preaching had paid off. Indo-European tribes held Pentecostalism as in Acts two. The majority of people in W. European tribes had been baptized into the Name-Jesus Christ, before settling in the Roman Empire. AD 525, There was a controversy between Catholics and Apostolic Celts over baptism. Most W. Europeans refused Rome's Triune baptism.

AD 527, Many Burgundians were Apostolic Pentecostals. AD 536-563, PRISCILLIANISM (glossolalic) was throughout the Old World.

AD 540-670, found One-God people throughout England. There was no thought of papal authority in W. European lands.

AD 545-800, In Medieval History, Lambert mentioned Apostolics whose baptism was in the Name-Jesus Christ. There were but few Catholics in England until the 9th century. Augustine accomplished but little.

AD 595-900, Ethiopian (N. African Christianity,) was all across Northern Africa, and was dominant. Theodosius had Persecuted non Catholics; and Justinian had slain those slandered as heretics, now both were dead. Moslems and other invaders overwhelmed the corrupt Roman Empire. True Christians--slandered as heretics-- welcomed these conquerors and were protected by them. NOTE: Great numbers of those slurred as, "heretics, " were Jesus Name Apostolics! The Catholic hierarchy after AD 325 insinuated that Acts-two ecclesiology was heresy! (Who were those that Catholics slandered as "pagans"?) They also suffered having their temples and churches confiscated.

AD 600, Pope Gregory I, tried to have all DONATISTS in Africa killed for preaching Acts-two ecclesiology.

CATHOLIC SYSTEM: AD 600 to 700

Pope Gregory I fixed the PURGATORIAL RITE. It is from the Orphic cult, a rite of purification-"Sacrum Purgatorium," of the Lugentes Campe-which means "dismal regions." GREGORY I ordered the mass murder of Donatists. He was the biggest landowner in Italy. He stole (confiscated) churches and building materials from others to build basilicas in Rome. Under him Arians and Apostolics were slaughtered. The Catholic leaders ignored the "Jerusalemic Church" yet existing, and its continuing true Apostolical traditions. The propaganda about St. Peter's bones in Rome started! "Peter was never its Pope."

AD 607, Catholic Boniface I, could not convert the Indo-European tribes; he was ordered to leave. Later, Pepin and Charlemagne-Catholic rulers fought these Apostolics of Europe and slew many; and forced others into Catholicism. NOTE: There were no Catholics in Frisia until 689. THE GREAT EASTER FIGHT in England

AD 625-638, Pope Honorius I, of Spain, was fanatically church and state. He had Jews killed. In AD 610, many Arians were killed in Spain. MOSLEMS FOUGHT CATHOLICS

AD 662, ISLAM was strong. Muslims had the KORAN their Holy Book. In Muslim Spain were the Moors; and they protected Jews and other One-God Christians from Catholic interests. Catholic bishops had rulers war against the Celtic Apostolic Christians in W. Europe.

AD 663, The Catholic party had a basilica in Canterbury, but was a minority group. It angered them to find that Rome's fake (Greek-lunar) EASTER was ignored. The two religions fought it out in king Oswy's Court! Again it is obvious that almost all Indo-Europeans were non-Catholic. AD 670, King Oswy died. He had been Apostolic, but he had wavered towards the Roman Party.

AD 675 Boniface (Winifred) was born a Catholic missionary to W. Europe, who used military force to make converts.

AD 680, The 6th General Council of Constantinople. AD 695, JEWS were KILLED IN SPAIN. Adult Jews were martyred in Spain by Catholic believers, and CHILDREN OF JEWISH PARENTAGE were seized and reared as Catholics!)

APOSTOLIC CHURCH: AD 600 to 700

Continuing Jerusalemic Christianity was found in several Modalistic Monarchian organizations. These were generally referred to collectively as CATHARI.

AD 600, DESPOSYNI: The Desposyni-Acts 2:38 Jewish bishops-were mostly extinct. Greatly respected, they were descendants of Mary-the Mother of Jesus, Zacharias and Elizabeth, and had directed several Mideastern judaic-Christian areas. Militant Catholics had martyred most of them. Quote: "...By the sword Roman garrisons hunted them as outlaws!"

AD 610, Arians and Apostolics were close, and had common social cause. Most Arians by now used the Christ water baptism. J.B. Russell, on p. 8, tells about Apostolics of the time. GOTHIC BIBLES were in widespread use. In W. European lands the masses of Arians and Apostolics worshipped together. Quote: "Splendid voices of the Germanic choirs soared to the heavens!" Spirit filled glossolalists filled the lands.

AD 610, JESUS NAME WATER BAPTISM The Jesus Christ water baptism was almost the only one in Frisia until AD 689. There were almost no Catholics. Apostolic preaching had been maintained holiness and tongues-speaking had continued. There were gifts of the Spirit.

AD 600-800, Quote, "They baptized into Christ."

AD 663, "They were one-God people." 14th of NISAN kept! NOTE: For 526 years (since AD 37-42) Apostolic Celts in Britain had kept the 14th NISAN Passover! A Jesus Name Apostolic had planted Acts 2:38 at Glastonbury by 37-42. In 663 it was the dominant religion by far. Wolflein's Gothic Bible was greatly used.

NOTE: The world has been duped into supposing Catholicism was the only religion there was. This happened because Apostolic history was often destroyed, or deleted and distorted by prejudiced historians. There was Pentecostal glossolalia throughout W. Europe and in the British Isles stemming from enduring Montanism.

Priscillianists were referred to as tongues-speakers. They had gifts of the Spirit, etc. By 663 - obviously there were two very different theological institutions. One was the undying Judaic-Christian Church of Jerusalem with Acts two tenets- The other the Catholic system that merely claimed to be Christianity. By then the Romish belief was dogmatized into fixed forms of liturgy. We found evidence- which we have displayed which proved that Judaic-Christian doctrine (Acts 2:1-4, 36,8,) continued in W. European Apostolic organizations.

CATHOLIC SYSTEM: AD 700 to 800.

AD 704, Death of Columba, he was an Irish Catholic. GREECE and ROME "sank" as MODERN NATIONS arose. God raised up Teutonic nations. Modern technologies, current laws, and good customs stem from Teutonics.

AD 717, Moslem armies besieged Constantinople. Catholic killed Moslem; and Moslem killed Catholic. Moslems mocked at Rome's religious system, and called it idol worship.

AD 717-741, Emperor Leo III ruled. The Byzantine (Eastern Catholic) Emperors brought widespread terror. In Italy image worship was a fact.

AD 717, Moslems (Moors) defeated the Spaniards. This accounts for Catholic-Spanish hate for Moors and Jews, especially noticed in the 13th-15th centuries. In 1492 Spain regained power and then mass murdered Moors, Jews, and Apostolics, 6,000,000 is one figure.

AD 720 Catholics reached W. Germany. AD 732, The Battle of Tours, won by Charles Martel, gave the Catholics a temporary victory. AD 726 Byzantine Emperor Leo III: forbade Image-worship. A big fight started. Western Catholicism wanted images. (Icons were images). Iconoclasts broke up images. ICONOLATRY stayed, and in 787 the Nicaea Council approved of images, crosses, beads, relics.

AD 738, St. Boniface had W. German Apostolic people murdered. He also had Apostolic Frisians killed at Zuider Zee! Acts 2:38 was their basic religion. They refused image worship.

AD 741, POPE ZACHARY was forced to admit that the JESUS CHRIST baptism was VALID By studying, Dissent and Reform in the Early Middle Ages, pp. 172-185, we find how the Upper Room faith Permeated W. Europe.

AD 747-768, Pepin the Short, father of Charlemagne, for the Vatican marched against W. European lands; in those lands were Apostolic organizations. Both Pepin and Charlemagne militarily forced people into Catholicism The Apostolics refused Pepin's demands.

AD 746-748, Great PLAGUES struck cholera, diphtheria (Black Death), in them millions perished.

AD 751, Popes traded lands for Protection by kings. The Vatican owned much land. AD 756, Pepin gave the Vatican the "PAPAL LANDS". By AD 800 the Vatican owned ONE FIFTH of the land in France.

AD 800, Intrigue, vice and corruption, ruled the Vatican. On December 25, AD 800, CHARLEMAGNE I entered Rome with his army, illegally took Pope Leo III out of the Penitentiary, and at St. Peter's was crowned Emperor of the Holy Roman Empire!

APOSTOLIC CHURCH: AD 700 to 800

Celtic-Gothic (Acts two) Christianity permeated W. Europe. Apostolic Christianity was throughout the Eastern Hemisphere, from Frisia to China, in massive organizations, which had different names--Montanist, Donatist, Manichee, etc. There could have been 30 to 40 Apostolic Organizations. Apostolic churches had continued. As to Godhead belief, they each held Monarchianism or Patripassianism--which were the same as Sabellianism. As noted, there were but few Catholics west of Lyons, France. AD 712-744, Arian Lombards had an independent area in Italy. Rome's Vatican was ignored. At the same time, "Aldebert preached Apostolic simplicity," stated J. B. Russell, p. 10. NOTE: It is amazing to find so many references concerning ancient Apostolic people and their preachers. Apostolic Christianity was much more pervasive than we have been told about!

By AD 730 great numbers of Arians were also immersing into the Name-JESUS CHRIST. Pope Zachary was forced to acknowledge that the Christ baptism was dominant to both Alcuin and Charlemagne. Malcomb Lambert wrote: "They accepted the baptism of adults.... Baptism into Christ."

AD 731, Bede found tongues speaking among Indo-European tribes.

AD 730-790, By reading Russell, pp. 172-175, it is refreshing to find the account of continuing Upper Room (Jerusalemic) religion. The Catholic bishops referred to it as: "Idoltrous rites, heresy, and Paganism!" Apostolic Preachers were slandered as "Pseudo prophets!" Pope Zachary ordered Boniface to call a synod to rally Rome's Party against holders of Jerusalem's true religion! Catholic clerics in AD 719-723 called biblical Acts two doctrine: "a barbarously corrupted Christianity!" Quote: "...The majority [of Indo-Europeans] fascinated by the spell of their 'old superstition' [meaning Acts 2:38 doctrine] baptized into the name of Christ."

AD 754, On June 5th, the foul mouthed, Boniface was killed for his many atrocities against W. European people. In the 8th century- contrary to popular opinion the Romish Party was not the dominant one. It became dominant in Europe only after the AD 1233 crusades against the Apostolic Albigenians.

AD 771, CHARLEMAGNE was the Emperor. Charlemagne was illiterate, seven-foot, and bullet-headed, to hear M. Martin tell it. At any rate, he compelled most to pay tithes into the Vatican. He relentlessly warred against some Western European tribes, which held non-Catholic Christianity, and sent many to death. He compared to Ferdinand and Isabella, Torquemada or to Hitler.

CATHOLIC SYSTEM: AD 800 to 900

Vain kings like Pepin, Charles Martel, Charlemagne, etc., bowed to popes. Rev. 17:10 describe the Vatican's role with rulers. PAPAL ROME WALLOWED IN APOSTASY. Every vice was in the Vatican. Huge land grants were handed to the popes. Billions of dollars in properties were confiscated. CONFISCATION CHARLEMAGNE conquered and confiscated for the Vatican; he made about 54 military campaigns against non-Catholic countries, 18 against Saxony alone. CHARRLEMAGNE: CHURCH and STATE! Comstantinianism merged into COERCIONISM of cruel Charlemagne. He militarily forced people into Catholicism. AD 802, Empress Irene deposed. In AD 814 Charlemagne died. Ca.

AD 815, a St. Sophia Council was held. Great confusion in Catholic ranks. AD 842, Emperor Theophilus mass murdered those alleged to be heretics. NOTE: Generally in Europe and the Mideast nearly everyone slandered as a heretic, except Jews, Moslems and Arians, was Apostolic under one name or another! "STREAMS OF HERETICS!" What Catholics called heretics often were Bible believing, Spirit-filled, fasting, morally clean, good citizens, who only wanted to be left alone by Rome. MOST NATIONS WERE NON-CATHOLIC

AD 858-867, POPE NICHOLAS admitted that JESUS NAME baptism was the valid one! By Catholics the Acts 2:38 water baptism was called, "the improper One," and those who adhered to it were "everywhere". There were what the Romish party referred to as: "infestations of false Christians!"

AD 863, Nations militarily forced into Catholicism; SLAVICS forced into it. AD 867, One pope anathematized another, there were popes and antipopes. Western Catholics of Rome fought Byzantine Catholics. The Vatican in time dominated.

AD 869, There was the 8th Ecumenical Council. FEUDALISM STARTED AD 852-889, How Europe became Catholic. Rulers used Catholic armies to crush Bulgaria; Czechs and Slavics, etc were forced upon joining that religion. Jews were then massacred also. But when possible great numbers of Catholic people defected.

AD 888, PAPAL APOSTASY reigned. From AD 888 to 1314 the PAPACY was a plaything of powerful Italian families.

APOSTOLIC CHURCH: AD 800 to 900

The Catholic hierarchy slandered all others as, HERETICS! However, alleged heretics filled the lands. Who were they?

AD 80, Quote: "DONATISM was never absent from the medieval scene. It lasted for twelve centuries and it maintained the primitive Apostolic congregational structurization." SAMOSATENISM was dominant in Asia Minor. Samosatene Armenians were yet strong in 1551. Nestorianism was throughout the Mideast. Manichaeism was in most of these sprawling areas also; it, too, was an Apostolic-Pentecostal variant. Celtic-Gothic Apostolics dominated W. Europe. Montanism could not be distinguished apart from these-it's tongues-speakers were interwoven from Frisia to India. We are now convinced that these were the alleged heretics; also, we now claim most of them to have been monotheistic (Acts 2:38) variants. They permeated the whole Eastern Hemisphere. There were 40 to 50 organizations of Apostolics in the 9th century.

THE REAL CHURCH AT ITS PEAK!

AD 830, BERNARD ROTHMANN of 1528 researched this 9th century religious scene. He found the Petrine Acts two doctrine, to have been "the religion," meaning the dominant one. Apostolic bodies or organizations challenged the Vatican-Italian religion and could not be suppressed. The 9th century had more Apostolics than any other. Our references tend to prove this. AD 879, During the 9th century it is true that the Catholic system almost suffered collapse, and we mean totally. Of the various peoples (ethnic groups) that were militarily forced into Catholicism many individuals revolted, and defected. Alcuin asked Charlemagne: "What has this religion forced on people prospered?" Millions turned from Catholic to the ancient Jerusalemic belief. Pope John VIII summoned Bishop Methodius to Rome to examine him he was suspected of turning to Apostolic belief. Apostolic preachers were everywhere. The world will not receive it, but there were more "false priests," as they were called--who had not been ordained in the Catholic system-- than there were Catholic ones. AD 882, On August 28, Pope John VIII had an Apostolic preacher-- Maimberto, arrested for preaching against the Trinity. Most non-Catholic European organizations--except Arian, Jewish or Moorish ones--were adherents of Acts two ecclesiology until AD 1164 when Peter Waldo appeared.

CATHOLIC SYSTEM: AD 900 to 1000

AD 900 "CENTURY OF POPES AND KINGS." Rev. 17:2

By AD 900 the papacy had invented dogmas that made a heretic-so to speak-out of Peter! SIMONY erupted. Simony denotes offices bought or sold for money or favors. Some popes sold offices to the highest bidders.

Untold Vatican evils. POPES and bishops became feudal lords. The Marozia family ruled the Vatican and Rome. Theodora and other immoral women were in the Vatican; sex scandals erupted.. NOTE: Catholic encyclopedias relate these stories with all their filthy details-and without a single blush! The Vatican was a quagmire of graft, simony and other vice.

This immorality caused great defection. WHY HAD THIS HAPPENED?

About AD 90 to 140 when Catholic Greek bishops ignored biblical, Acts 2:38 ecclesiology, and invented the Greek-Latin Trinity hypothesis along with its Triune infant baptism and then devised "do penance, " these inventions led to utter apostasy. The sin-CONDUCTUAL AVERAGISM was the result. The Catholic goal: All-in-a-given-locality will naturally lead to an immoral church condition.

AD 920, The Vatican acquired additional lands. There were bequeathals to the Vatican. Bishops confiscated lands for the Vatican. (Robinson, Earlier Ages, p. 444)

AD 928, Cities and towns had new importance. Jewish intellects directed construction of many cities, especially those of Spain and Portugal.

From AD 800 through 1100 many Jewish families settled in Spain and Portugal. They built universities, hospitals, highways, etc., only to have them stripped from them in 1492. Jews fared better under Muslim rule than under Catholic. Muslims accepted Jews and Apostolics as, People of the Book.

In AD 962 Muslims smashed Catholic idols. AD 963, Quote: "In 963 Otto I, deposed John XII, and had the council to select his successor. For forty years thereafter the emperors determined the choice of popes...first a German, then a Frenchman.") SIN of INVESTITURE When a bishop was chosen, the feudal lord went to the investiture (a ceremony) of giving-investing him with titles, office and lands. Then the bishop became the "man" of the lord, and served him! Later the lord handed to the bishop legal rights to the lands. Thus lands passed on to the Vatican. AD 995-999 King OLAF I of Norway martyred thousands and with military might imposed Catholicism. About the same time Catholic religion was-by power of the sword imposed in Iceland and Greenland. It is amazing to learn that much of earth was subjected to Roman Catholicism by the bloody sword of military might!

APOSTOLIC CHURCH: AD 900 to 1000

There were many Apostolic organizations throughout the Eastern Hemisphere. We have named many of them. They were under different names, e.g., Samosatene. Historians generally referred to these pious bodies with such a high standard of holiness as: CATHARI. Their great numerical status actually terrified the Catholic hierarchy. "They threatened to desolate Catholicism!"

AD 909, June 26 Archbishop Herve of Reims, stated that it had been impossible for many years to convene a Catholic synod due to three reasons: one was because of the "infestations of false Christians." He meant that Apostolic bodies permeated European nations. Their great numbers hindered Rome. Slanted and biased historians like Blunt, Bainton, Thompson, Laux, Knox, etc., each mercilessly slandered and libeled the above Christians with names like: heretics, insane and raving, Wiedertaufer, Sacrament-schwärmer, Winckler, etc. GLOSSOLALIA--tongues speaking was slurred as "MYSTICISM" by some historians.

AD 915, After researching histories by the above men, we can see that there were many Apostolic organizations that preached all of the Acts two-advocated glossolalia, and demanded clean and pure living. There were divine miracles and gifts of the Spirit. One will find that most of the many organizations slandered as heretics were nearly all doctrinally the same-especially in relation to Acts two tenets. Monarchianism and Patripassianism that were almost identical with Sabellianism ran as a common thread through most non-Catholic bodies until ca.

AD 1164. Peter WALDO, AD 1164-1179, of Lyons, France, was the first Protestant to turn to Rome for his Trinity doctrine that I can find. Luther, Calvin, Zwingli, Wycliffe, Menno, etc. merely followed Waldo's example. CHRIST BAPTISM WAS USED PROFUSELY. AD 923, Eugenia was baptized in the Name-Jesus.

AD 925, Pelagius was baptized in the Name Jesus. Note: J. Van Braght, in Martyrs Mirror, used some Apostolic records, especially pp. 275-297. AD 980, Sympronius was baptized in the Name-Jesus. AD 996, Abbo of Fleury begged the king: "Drive heresy out of your kingdom!" AD 1000, Historian Fulbertus Carnotanses explained the dynamics of the JESUS CHRIST water baptism. Great numbers went to death for the name of Jesus Christ.

CATHOLIC SYSTEM: AD 1000 to 1100

Study the VATICAN. The Catholic leaders were in utter corruption. The following books should be consulted: *The Decline And Fall of the Roman Church*, by Malachi Martin; *Three Popes and the Cardinal*, by M. Martin; *The Vatican Against Europe*, by Edmond Paris; *The Crucifixion of the Jews*, by F. H. Littell.

AD 1000, Erick forced Catholicism upon Greenland.

AD 1015, Under Vladimir masses of Russians were militarily forced into Catholic belief.

AD 1029, Catholicism was forced upon the Swedes.

AD 1035, Danes were forced into Catholicism. There were but few Catholics in Denmark. Slavic tribes were reconquered by Catholic armies, then forced into Catholicism.

NOTE: In AD 1078, the Catholic system under Inge, confiscated (stole) the beautiful Church at Upsala, Sweden. It may have been a former Apostolic Christian Church. This is one example as to how the Catholic system often got its churches. VATICAN CRIMES UNTOLD there were Byzantine political and theological woes. Rome's party butchered Monophysites of Syria, but many fled into Moslem territories for protection. AD 1044, Pope Gregory VI bought his high office.

NOTE: Millions were by bloody sword forced into Rome's religion.

AD 1055, Catholic belief forced on ESKIMOS at Igoliko. But few even understood the belief. AD 1058, Poland became Catholic under Casimir I. AD 1066, "THE GREAT NORMAN CONQUEST" Ca. AD 1071. JERUSALEM IN MOSLEM HANDS. Moslems were more religious and tolerant than Catholics. AD 1072, The Vatican owned 1/4th of England. AD 1073, Pope GREGORY VII (Hildebrand,) decreed that the popes were above all powers and laws on earth. "Kiss the pope's feet," was heard! = In AD 1075 were Pope Gregory II and his idea of "Dictatus Papae!" AD 1075, German Catholic bishops were terrified at the idea of "reforms." Then came INDULGENCE! = The CATHOLIC SYSTEM was in utter APOSTASY, declining, and something had to be done about it! Then the CRUSADE IDEA entered Pope URBAN'S mind. AD 1095, FIRST CRUSADE = AD 1099, Pope URBAN went against the Moslems. "Deus vult!" This means, God wills it. The Crusaders slaughtered Slavics and Jews on the way to Jerusalem. They took Jerusalem, mass murdered the Muslims, and butchered 80,000 to 90,000 Jews. = THE CRUSADERS looted, murdered, and plundered. They spread venereal diseases all over the Mideast. Then the great PLAGUES broke out. In that holocaust millions died!

APOSTOLIC CHURCH: AD 1000 to 1100

The name-Cathari gradually faded. Then was heard the name-ALBIGENSES. Yet later, the name-Albigensian gradually gave way to Anabaptism. Until ca. AD 1176 these were about the same doctrinally. After AD 1176 there were Protestant Trinitarians also referred to as Anabaptist. ANSELM related that much 11th century water baptism was into the Name-JESUS CHRIST. Western Europe, Eurasia, Asia, and Africa were permeated with the many similar Apostolic organizations we have mentioned. Pentecostal manifestations were integral. Archbishop Herve of Reims admitted the Catholic system could not have a synod because of the widespreadness of Apostolics. Pope Gregory VII, in 1079, asked Anselm to pray that "heretics" might be eradicated, meaning mass murdered! The Martyrs Mirror, tells much about these Apostolics from an ancient record. References concerning Apostolics turn up repeatedly in the 11th and 12th centuries. There were APOSTOLIC STRONGHOLDS or dominated regions-some were Saxony, Frisia, Flanders, Lombardy and Languedoc.

AD 1030, In most of Eastern Europe Apostolics did not (or could not) own church buildings. Catholic cathedrals to Apostolics were "cumulus lapidum," merely a stone pile! They knew mostly Wincklerism and Winckelpredigten, that is, worshipping and preaching in hidden places-conventicles. ZWANGTAUFE was FORCED baptism by Catholics. WINCKELEHE was a persecution hurled at married couples who were NOT married, by a priest. This slander meant, "illegal cohabitation."

AD 1035, Algerus and Bruno were 11th-cen. Apostolics. AD 1040 MANICHAEANS, Manichaeism had lost its ancient doctrinal stigma. It was a variant of Apostolic Pentecostalism, we believe. Its adherents were classed as Cathari. They were slandered as, "Bogomils." Historians badly smeared, slandered, them. They did not do things historians accused them of. "Bog" was God, and "mil" was mercy. Many were Spirited glossolalists with great piety. Most were honest citizens of great worth.

AD 1050, More than 1000 towns of Languedoc were in control of Albigensians. Most of these citizens were One God Believers; their Acts two principles were dominant there until 1233. Most of these Cathari were Pentecostal tongues-speakers and later were the, or were associated with the, PROPHETS OF THE CEVENNES. NOTE: The Cevennes were on the east side of the Albi-Toulouse region. Philip Schaff wrote about the Spirit filled tongues-speakers of the Cevennes Mountains. Blunt noted that the country controlled by the pious Albigensians was also the country of the Camisards.

CATHOLIC SYSTEM: AD 1100 to 1200

AD 1100 Quote: "Multitudes rushed headlong out of the Catholic Church." SIMONY was rife.

AD 1115, Countess Matilda gave the Vatican great tracts of land. The vile CRUSADERS confiscated lands and possessions-including Jewish BANKS, and gave them to the Vatican. There was no such thing as a holy Catholic Crusade! The Crusades were a Vatican device.

AD 1118, There were two popes at once-Gelasia I, and Gregory VII; and in 1124 were Honorius I, and Celestine I. Pope fought pope. Rome's Catholic party tried to commit genocide against Byzantine Catholics!

AD 1121, The COUNCIL of SOISONS defended Rome's Trinity theory from the Schoolmen's attack. Sabellianism and Monarchianism are associated with many schoolmen. Modalistic Monarchianism was as strong as ever.

AD 1142, ARNOLD of BRESCIA actually subdued the Vatican for 20 years! He fought its falsity and apostasy, and sought to impose Jerusalemic or Apostolic simplicity.

AD 1145, Pope Eugene II hung Arnold of Brescia, cremated him, and threw his ashes in the Tiber.

AD 1146, ABELARD, PETER the Monk, and PETER BRUIS (Petro-brusians) defected Catholicism, declared it to be false. It can be believed that they were re-baptized into the -- Name-Jesus Christ.

AD 1146, St. BERNARD of CLAIRVAUX, France, was a militant Catholic. He confiscated the great Clairvaux Valley from the Apostolics and built his monastery. He executed Abelard there later, many think. He slaughtered many Apostolics. He greatly urged the 2nd Crusade. "Kill, kill for Christ, " he screamed.

AD 1147, St. Bernard stated, "33% of the Catholics went to protestant (Winckelpredigten) conventicles!" People simply denied Rome's imposed religion! TRINITARIANISM CALLED ILLEGAL Men openly debated against Rome's Trinity. NOTE: Here was another turning point in religious history!

AD 1164, PETER WALDO Appeared! PROTESTANT TRINITARIANISM CAME! Waldensianism held Rome's Trinity. In 1179 Waldo's bishops went to Rome for approval. Waldo set the pattern for modern Trinitarian religions.

AD 1170-80, TWO STREAMS of PROTESTANTISM emerged with Waldo! For the first time there was monotheistic Christianity; and, besides Catholic Trinitarianism there appeared the world's TRINITARIAN PROTESTANTISM! Luther, Zwingli, Menno, Hus, etc., followed.

AD 1189, The THIRD CRUSADE. (1160-1223). The popes enacted "Decrees of Genocide," against the Albigensians. (Blunt, pp. 15-18)

APOSTOLIC CHURCH: AD 1100 to 1200

AD 1100 The CATHARI were almost consensually referred to as ALBIGENSIANS.

AD 1105, SCHOOLMEN-learned men denied the TRINITY. Here continued the Great CONTROVERSY. Jewish monotheism, Monarchianism and Patripassianism were greatly defended and adhered to by such men as Abelard, Peter Bruis, Roscellin, etc., and they debated against the Trinity idea.

AD 1108, "MULTITUDES of FREETHINKERS" This means that many and great organizations- and most were Apostolics-covered the lands. Pentecostals (tongues-speakers) in Europe numbered about 4,000,000. How Blunt and Russell smeared, slandered those people! Here originated more Apostolic bodies under such names as "Henricians," and "Petrobrusians." Referring to them Russell, on p. 76, used the words: "apostolic holiness." They preached "hell-fire " sermons. They used the Christ water baptism. Glossolalia was a common trait. To prove that Southern France, and the great area of Saxony of W. Germany were filled with Apostolic oriented peoples,. The religious world--its Trinitarian religionists may slander and smear Apostolic ecclesiology, but it was the common religion in W. Europe during the 12th century. MOST BODIES WERE APOSTOLIC UNTIL PETER WALDO APPEARED. Waldo of Lyons, France. He was the first or one of the firsts that we can find that turned to Rome for doctrinal approval. He created a hybrid protestant religion. PROTESTANTISM MIXED with CATHOLICISM!

AD 1161, Rev. GERARD and 30 other APOSTOLICS were murdered by Henry II, at Oxford.

AD 1163, August 2nd, at Cologne, Germany, Catholic Ecbert, a monk of Schonau, in a typical Catholic Auto da Fe burned pastor Arnold, Marsilius, and Theodoric, Apostolic preachers to death along with eight others. One was a little girl. Ecbert mocked and laughed as they died in flames! THOUSANDS OF APOSTOLICS WERE PUT TO DEATH in 1182. Philip--the Count of Flanders, and William the archbishop of Rheims, caused many to bear faggots, i.e., to be burned. In 1184 or 1185 Pope Lucius issued a decree in Verona, in the presence of Emperor Frederick that all those he thought to be heretics were to be mercilessly killed. Braght, 7000 people referred to as, pious witnesses of Jesus, were martyred in Bourges. So few Catholics put so many Apostolics and Jews to death! They were called, "true Christians," and had nicknames such as Humilitani, Paterini, Patriciani, Arnoldists, etc., and were categorized as Sabellians.

CATHOLIC SYSTEM: AD 1200 to 1300

A century of CATHOLIC MASS MURDER. The INQUISITION was set in motion. It was INSANITY, devised by insane minds at the Vatican.

AD 1200, The Vatican owned about 1/5th of France.

AD 1202-1204, The FOURTH CRUSADE. Rome's CRUSADERS took Constantinople, and W. Catholics massacred Byzantine ones. AD 1205, England was merely a papal fief.

AD 1208-1215, A Spaniard--Pedro of Argon, was sent by the Vatican with 500,000 Crusaders to exterminate the Christian Albigensians. Inquisitor De Montfort, was a killer for the Vatican, but he was killed about 1215. Thousands of Apostolics, and other citizens were martyred. Toulouse was devastated. Over 500 towns in Languedoc were destroyed. 800 Nobles-honorable men and women many possessing the Holy Ghost, were hanged on trees and mutilated.. CATHOLICISM WAS NOT CHRISTIANITY AD 1215, JEWISH GHETTOS were invented by the Vatican. Pope Innocent III, in 1215, drove the Jews into ghettos, deprived them of occupations, stole their banks, and made them wear badges. Hitler also a Catholic did the same thing.

AD 1217, The FIFTH CRUSADE. AD 1226, Catholic Knights forced their belief on more Slavics-Germanization was forced upon them. THE GREAT INQUISITION AD 1233, Inquisitors haereticae pravitatis. Pope Gregory IX officially founded the Catholic INQUISITION, a system of Catholic Tribunal Courts, in AD 1233. It lasted until July 15, 1834. It was a murder machine designed to exterminate non-Catholic. It used Roman Court Laws of the Theodosian-Justinian Codes. Under these (canon) laws Ferdinand and Isabella massacred an estimated 6,000,000 Jews and other unwanted People. C. S. Lovett, Voice in the Wilderness, p. 9, used the figure- 68,000,000, persons who perished in the INQUISITION! Their properties were confiscated, and 30% of the stolen goods went to the Inquisitors, bounty hunters! Most do not know that Adolf Hitler was a Catholic, and that 6,000,000 Jews also perished under him and that cannon law was again used. AD 1248, SEVENTH CRUSADE AD 1252, A papal bull authorized every kind of torture for non-Catholic. Europe was turned into a torture chamber! AD 1270, EIGHTH CRUSADE. AUTO DA FEs (Act of faith!) Americans can hardly believe it! Catholics burned millions to death in a rite called, "AUTO da Fe," a carnival affair, called "Act of Faith!" Often thousands watched while Jews burned up!

APOSTOLIC CHURCH: AD 1200 to 1300

The CATHOLIC SYSTEM attempted genocide against true Apostolic Christianity.

AD 1214, On July 27, the frightful happened France's Catholic government gained control of Languedoc from the English! Then the N. French could under Vatican orders exterminate the mighty numbers of Apostolics, etc. that we have mentioned-great organizations of them! The papal INQUISITION was unleashed upon Apostolics, other religious bodies, and Jews all across Europe.

ALBIGENSIANS MASSACRED

NOTE: Who were these Albigensians that vain historians parroting Rome-have so slandered? These, mind you, were the same as good Americans! There were many big religious organizations of these Indo-Europeans with whole ecclesiastical systems, having schools and hospitals, in over 1000 cities. Most were pious Bible readers. Great numbers had the Holy Ghost-knowing glossolalia and the Christ water baptism. They were good citizens of elevated culture-possessing dignity and godly pride. Morally they were far above Catholic conductual-averageism.

They only wanted civil and religious freedom. For this an intolerant system martyred some of them. Most of them were of continuing Montanism, Donatism, Manichaeism and Samosateneism. Biased historians-not knowing who they were-slandered them as Bogomils, Henricians, Petrobrusians, Arnoldists, Paterini, Humilitini, etc.

Biased historians marred their image with propaganda and slander. When they were driven out, then Catholic monasteries appeared. Many fled into Moravia. Great numbers of these peoples were of Monarchianism or Patristianism, meaning that they continued in Praxeas, Sabellius, or Noetus' type of one-Godism.

We found that most adhered to Acts 2:38 tenets.

AD 1260, Knox. p. 86 found Apostolics widespread. The number-80, 000 is associated with Bohemia alone. POTENTIAL FIGURES. How many organizations of Oneness Apostolics, etc., were there, not including Jewish or Moslem? Albigensian (Cathari) organizations were so big and widespread that the Vatican feared. Gregoire enumerated 80 non-Catholic religions. One historian figured there were 72, another 130. We can show that they temporarily stopped Vatican activity! By AD 1200 Albigensians, etc. numerically and doctrinally challenged Rome and had an estimated 4,000,000 Acts two believers. These European organizations almost put the Vatican out of business. URSINUS of ETHIOPIA, AD 1284 URSINUS, an Ethiopian scholar, declared that baptism into the Name Jesus Christ, alone was valid. This indicates that Philip's Jerusalemic doctrine had never perished from out of Africa. Later -- slaves took Acts 2:38 into the West Indies.

CATHOLIC SYSTEM: AD 1300 to 1400

The CATHOLIC HIERARCHY became even more corrupt. LAWLESS ROME LAWLESS POPES AD 1303, Many histories describe the complete apostasy of the Vatican its popes; but no pope brought more disgrace than Pope Boniface VIII. A bull is a papal pronouncement. In the bull. Unam sanctum (One holy) Boniface exalted himself and the papal office above all law or rulers. Actually he wanted "outlawry," and for outlawry to be thought holy! When MILITANT CATHOLICS gained control of S. France (Languedoc, 1233) it was frightful. They had mass murdered pious Albigensians, Jews, and other good S. French citizens. Catholic Knights raped, ravaged, looted and plundered; and the French government had to stop them, to stop the evil papacy! BABYLONIAN CAPTIVITY (1309-1378) The French government under Bertrand de Got, found the Papacy so corrupt, deceitful and treacherous, which it ignored the bulls-Clericis laicos and Unam sanctam, and closed the Vatican by force. The Papacy was forcibly moved from lawless Rome to Avignon, France. Actually the popes were locked up in a palace penitentiary! France's minister Nogaret threatened the evil pope Boniface with capital punishment.

AD 1307-1309, Templar Knights were papal bankers. The Templar Order was abolished, the Hospitler took its place. AD 1328 (1330), John Wycliffe was born at Wycliffe-on-Tees. He was a professor in the University of Oxford. In 1381-1383 he worked intensely with aides to translate the English Bible. He preached against the countless atrocities of the Vatican. He stated that the Bible alone, without tradition, was the sole rule of faith.

In AD 1415, the Council of Constance condemned Wycliffe. In 1428 Wycliffe's bones were burned by papal command.

AD 1397-1353, BLACK DEATH swept Europe. Pandemic plagues of cholera and diphtheria brought death to millions of Europeans. Some governments and populations failed. CRUSADERS had spread syphilis, gonorrhea, and other communicable diseases.

AD 1378, POPES RELEASED and they RETURN TO ROME from Avignon. Catherine had used bribery to obtain their release. There was immediate anti-Semitism. Also, 1378 saw the great SCHISM. Papal scandals erupted.

AD 1391, JEWS MASSACRED IN SPAIN--EUROPE. On March 15, Bishop Ferran Martinez started the anti-Jewish riot in Spain. It led to the great SPANISH INQUISITION. 50,000 Jews and Moors were burned in Auto da Fes, and 800,000 more victimized.

AD 1392, Moors were Muslims forced into Catholicism. Marranos, were Jews of Spain forced into that belief. The word-Marrano, in Spanish means, "swine!" Calling American police officers, "pigs," came from this source.

APOSTOLIC CHURCH: AD 1300 to 1400

AD 1300-1350 The many Albigensian organizations were--by historians--starting to be referred to as Anabaptist. Before, or during the Tolosan Inquisition, many thousands of Apostolics fled from Languedoc into Moravia of Czechoslovakia. The Apostolic headquarters at Toulouse had been destroyed. Apostolic, as well organizations of anti-Trinitarian, antipedobaptist people, became amplified in Poland and Lithuania, and rejected the Trinity. The One-God people made some bishops admit that in the beginning there was only one God. By 1565, in Moravia, there were enough Apostolic (Pentecostal) to form an "International Federation of Apostolic Churches."

AD 1300-1414, Gothic Bibles had been used. English Bibles were used in the early 15th century. Catholics burned all the Bibles they could. CATHOLICS HAD EARTH IN AN UPROAR Dominican priests terrorized the lands! INQUISITIONAL procedure for these bounty-hunting murderers was outlined in the "Practical inquisitionis Haereticae Pravitatis!"

NOTE: From AD 1233 when the INQUISITION started, until July 15, 1834, when it ended--was the darkest, most lethal and dangerous period of earth history! An estimated 68,000,000 died. Masses of Pentecostal Apostolics were martyred.

AD 1312. There were Wales Holiness Brethren. There were also those called Celtic Jumpers in England. Celtic religion stemming from Glastonbury--had never ceased. It (Acts two religion) had continued from Oswy's time of 663.

AD 1315. The name or word: "Apostolics." is found to have been repeatedly used by R. A. Knox, on pp. 89-110, as he referred to the Apostolic Brethren, and to Dolcino's Apostolic brethren. They were Holy Spirited tongues-speakers, and we mean to state that they were from Frisia to China. The Toulouse Inquisition merely served to further scatter Pentecostal Apostolics all over the Eastern Hemisphere. Knox, on p. 84, mentions 400,000 Manichaeans in Bohemia (Czechoslovakia) as late as 1460. Knox, on pp. 90, 91, figured that one organizations of pious Albigensians were from the Paulicians (early Armenian Samosatenes). Paul of Samosata was a Sabellian Apostolic. He saw no divisions in the Godhead. Knox; on pp. 90, 91, found these monotheistic Apostolics all over Europe!

AD 1368, All non-Catholic Christians had to worship in Winckler fashion, i.e., in secret, Winckelpredigten fashion. Jews had to also worship in secret. AD 1369. Urban V, released from his Avignon incarceration And returned to the Vatican. Instantly there were atrocities. In AD 1381, the European peasants revolted against Catholic maltreatment.

CATHOLIC SYSTEM: AD 1400 to 1500

The Roman Catholic Inquisition turned Europe into a holocaust. JEWS, MOORS, and ANABAPTISTS BURNED! AD 1415, Catholics burned John Huss. Burning people up was big stuff to Catholics; they either ruled or ruined.

AD 1420, TORQUEMADA (1420-1496) was born at Thomas, Spain. Ferdinand and Isabella, or Hitler only out did this Catholic killer of Jews, Moors, and Apostolics. 6,000,000 went to death in Spain alone. Torquemada had 250-armed guards, and confiscated millions from Jews and Moors.

AD 1425, Catholic AUTO da FEs were conducted against Hussites, Waldensians and Apostolics. Cruel tortures were by devised by Catholics. CONFISCATIONS Billions of dollars, and millions of acres were seized from Jews, Moors, and Anabaptists that Catholics annihilated. SLAVERY by PAPAL PERMISSION

AD 1441, Papal permission for SLAVERY was given to Prince Henry the navigator. Henry's captains began the slave trade by taking African Blacks to Portugal. Columbus introduced Black and Indian SLAVERY into the Americas-not American Southerners. Blame the Vatican for slavery. Papal permission was granted to Henry to "crusade, conquer, mass murder the HEATHEN!" The heathen to Henry were Blacks, Malabarese, Chinese, W. Hemis. Indians, etc.!

AD 1450, Full papal supremacy over Europeans.

AD 1460, Catholic PODEBRAD persecuted Apostolics. 400,000 pious Manichaeans fled into Bosnia. (Knox, p.81) AD 1469, FERDINAND and ISABELLA of Spain were married, earth's greatest husband and wife team of Jew killers. They were worth nearly a billion after murdering Jews and Moors and confiscating. In 1492 this was how Isabella could finance Columbus! Discoverer (conquistador) Columbus planted a flag for Spain; padres planted the Catholic Inquisition! AD 1483, Martin Luther was born at Eisleben, Germany.

AD 1496-1500, MALABARESE, of Malabar, India (Acts 2:38 Christians) were massacred by Catholic Inquisitor Alvares Cabral.

AD 1499, WESTERN HEMISPHERE PLUNDERED Columbus discovered America, true, and well. But he also founded W. slavery, planted Catholicism and its Inquisition, the conquistadors Plundered and claimed the Americas for Rome!

AD 1499, Catholics burned up Jews in Old Mexico (1528) and in Manila and Lima, Peru! (1634) (C. Roth, p. 209)

APOSTOLIC CHURCH: AD 1400 to 1500

Non-Catholic Christianity was generally referred to as, "ANABAPTISM," i.e. Anabaptist bodies.

AD 1400, Anabaptists were neither Catholic nor Protestant. It was a pre-Reformation day. There were great numbers of Apostolic clergymen preaching Acts 2:38 doctrine which was conducive to holy living. They advocated the "born-again" experience defined in Acts two. They DID NOT hold the idea of reforming a dead, apostate Catholic system! They regarded the religion of Italy as the personality depicted in Rev. 17: 5. AD 1410, By studying Horst, Blunt, Knox, Thompson, Russell, Eberhardt, etc., it is easy to deduce that there were 30 to 40 pious Anabaptist organizations--of both national and international status--and that most yet were of Apostolic orientation. Later both Catholics and High Protestants categorized them as, Anabaptist (Wiedertaufer). Anabaptist means to re-baptize; and Apostolic Pentecostals were famous for that pious act since antiquity!

AD 1420, Monorchianism yet swept the lands in spite of the Inquisition. It was estimated that there were 4,000,000 Apostolics. Blunt indicated concerning them, "Streams of Heretics." Bainton screamed, "They cover the land!" Apostolics stated consensually, "The titles Father, Son, and Holy Ghost, are improperly attributed to God," i.e., did not indicate a Trinity. By 1565, the International Federation of Apostolic Churches--headquartered in Moravia--stated that the eradication of the Trinity idea should consummate the attempted Reformation! For monotheists it was an age-old argument. Between 1400 and 1573, there were forth (40) organizations counted. Moravia had become an Apostolic haven. HISTORIANS SMEARED the APOSTOLICS Both historians and religionists SMEARED, name called, bad mouthed, and libeled Apostolic Christians. Therefore, we cannot rely upon histories-not-fully--as concerning religious qualities of non-Catholic. Why? Good Bible-believers were slurred by Luther and Zwingli, etc., as "HERETICS, Wiedertaufer, Sacrament-schwarmer, Rottengiester, Leufers, etc." The slandered Christians believed in legal and holy marriage, they did eat some meat, and they were not "dualists" in the Catholic sense! American religious history books are full of slander!

AD 1487, The Catholic system crusaded against the pious Waldensians, and confiscated their lands. (Blunt, p. 617) AMERICA CLAIMED by VATICAN AD 1494, Pope Alexander VI, drew a line and separated Spanish and Portuguese claims. The haughty and spurious Treaty of Toresilla, of pope Alexander VI, gave Spain North and South America and the Philippines, while Portugal received--at least theoretically--Africa, Asia and an eastern part of Brazil.

CATHOLIC SYSTEM: AD 1500 to 1600

There was WORLDWIDE CHANGE in religio-politico matters. There was the Catholic conquest of the Western Hemisphere. Catholicism forced upon W. Hemispheric peoples.

AD 1501, Catholics started SLAVERY in the Americas.

AD 1501, Vatican bulls that claimed the Americas were; Real patronato de Indies, by Pope Alexander VI; Inter Caetera 1493, partly meant power to conquer or exterminate natives. The Examinatio of 1501, was partly an INQUEST--power to seek out those slandered as heretics. The bull, Universalis Ecclesia of 1501, gave additional power to extend Catholic religion universally! NOTE: "Heretics. Moors. Jews, were BARRED from So. America!" INQUISITION WAS IN THE AMERICAS CHURCH-STATE IN THE AMERICAS! Few Americans know the phenomena.

AD 1511, Erasmus discussed glossolalia with Luther.

AD 1517, Luther fought Tetzel over INDULGENCE.

AD 1517, Luther posted his 95 Theses. LUTHER'S ATTEMPTED REFORMATION Luther's so-called Reformation, was mostly a fiasco, an exaggerated story by biased historians. He fought CHURCH-STATE of Rome only to create an equally intolerant German Lutheran CHURCH-STATE system! However, he did a little good.

AD 1521, Luther rejected BIBLICAL PENTECOSTALISM! PEASANT WAR of 1525 Influential Luther was totally responsible for the Peasant uprising, his inflamed pamphlets urged it. But when the Peasants threatened Luther's rich estates, he screamed: "SMITE, SLAY STAB, the Peasants!" He betrayed the Peasants, and led 50,000 to 100,000 to their death! AD 1531, LUTHER AGREED TO THE DEATH PENALTY in order to annihilate Anabaptist bodies and Jews.

AD 1571, CATHOLIC INQUISITION IN PERU. There, Jews were burned to death. 32,000 Spanish families (about 175,000 individuals) were in Mexico and So. America. They had ca. 40,000 slaves! Spanish language imposed by force. AD 1571, Philip II martyred about 3,000,000 non-Catholic in the Netherlands. Apostolics fled to England there, tongues speaking erupted.

AD 1572, Aug. 24th, on ST. BARTHOLOMEW'S DAY the Catholic system slaughtered an estimated 30,000 pious Huguenots.

NOTE: Catholic armies drove pious Huguenots into the Cevennes Mts., right into the campus of masses of Apostolic glossolalists! Many Huguenots became tongues-speakers.

APOSTOLIC CHURCH: AD 1500 to 1600

It was a unique century of religious history. We think of Luther, Calvin, and Zwingli as classical Reformers and see them as having established the theological trend for the world's modern Protestant Trinity religions.

AD 1517, On October 31, medieval ecclesiastical institutions suffered an abrupt change. Luther nailed his Theses on the Palace Church door. Another massive revolt against Rome's manmade religion swept across Europe. Europe knew the territorial particularization that the so-called Reformation produced. Then cruel Magisterial Reformation was heard of. There was then ROMAN CATHOLIC TRINITARIANISM as well as PROTESTANT TRINITARIANISM! One fought the other-yet both combined to attempt genocide against the nonconforming Anabaptist organizations. Europe then became a theological battleground!

AD 1518, CONVENTICULAR CHRISTIANITY was constituted by about 30 to 40 pious Anabaptist organizations. Between 1600 and 1727 there were about eighty (80). These were the unwanted Wiedertauffer. They were the persecuted Christians.

AD 1519, Cortez, and other Catholic conquistadores, committed genocide against the Aztec, Maya, and Toltec nations! Central America was laid waste by Catholic agents. Mexico was turned into desert; so many were burned at the stake!

AD 1520, African slaves imported tongues speaking into the West Indies, into the Americas. (M. J. Herskovits, *The Myth of the Negro Past*, NY, Harper, 1941, p. 231)

AD 1520-1532, GLOSSOLALIA OUTBREAK Apostolic Pentecostalism with its integral tongues speaking was throughout Luther and Zwingli's Europe. Thomas Munzer, in 1521, "feeling the direct indwelling of the Holy Spirit," with other glossolalists went to confer with Luther. Glossolalia broke out from Appenzell to Moravia in 1528. Jesus name water baptism was greatly utilized. At St. Gall glossolalia was widely known. In revivalistic piety here was fiery Pentecostal preaching. Notice how those who engaged in Acts 2:1-4 activity were labeled as deranged arsonists, berserk breed of Munsterites, etc.!). Near Erfurt there were massive outbreaks of Holy Ghost rhetoric along with healings and other divine manifestations. Many of them were beheaded. ZWINGLI went to PENTECOSTAL REVIVALS. It was no different in Zwingli's day than in 1985 as to the glossolalia phenomenon. Zwingli saw symptoms that he thought resembled epilepsy among Holy Ghost tongues-speakers as they worshipped. He referred to them as, "prophets of my time." When one fell under the Spirit power, he thought they had a falling sickness.

Calvin and Luther discussed the glossolalia phenomenon, though neither experienced tongues speaking. Both knew of tongues speaking at Appenzell. Andreas Carlstadt and Luther, in 1525, disagreed on glossolalia, Carlstadt knew of the tongues-speakers all around him. In the camps of Socinians-of Rakow--there was Pentecostal preaching modeled after that of Acts two. Spirit tongues were Common. Many Racovians were of the tongues movement, and many used the Christ water baptism. One named--Stancaró, was doctrinally a Sabellian. Sabellians utilized the Acts 2:38 formula. AD 1527, Haetzer baptized in the Name-Jesus Christ. He wrote "Jesus Only" songs. A part of one stanza is: "I am not three persons, but I am one!" WATER BAPTISM: in JESUS NAME: M. Luther fully discussed the Acts 2:38 Jesus Name baptism held all around him by Apostolics. He rejected it. Quote: "...Baptism in the name of Jesus Christ is no new phenomenon. M. Luther encountered a dispute over the formula in his day." Luther upheld, instead, a Triune infant baptism. Those who differed with him, he slandered as Sacrament-schwarmer! LUTHER loved his beer. He stated, "While I slept and drank my beer with dear Melanchthon at Arnoldsdorf, I gave the papacy such a shock." Luther--as it is today--knew all about Apostolic Pentecostalism and its Acts 2:38. He rejected it--though it was popular throughout the Old World. Let it be documented here-LUTHER never RESTORED or REFORMED (Biblical) Pentecostalism! He would have nothing to do with Acts 2:38 biblical ecclesiology. He never rose spiritually above conductual-averagism." Luther admitted this. After this, Luther went downhill. LUTHERAN APOSTOLIC CONFERENCE AD 1521. Apostolic

organizations, as well other Anabaptist bodies, were geographically widespread in France, the Netherlands, England, Scotland, Lithuania, Poland, Czechoslovakia, and Hungary. THOMAS MUNZER with a body of fellow fundamentalistic clergymen--among whom were Apostolics--in 1521 went to Wittenberg. It was a Conference. They presented biblical Pentecostalism to the Lutheran bishops. The Apostolics presented the doctrine of biblical monotheism and the Christ water baptism. They affirmed that the Upper Room (Jerusalemic) Church had never died, but had been doctrinally maintained by men like themselves. These very words were used. Luther denounced them. Munzer then evangelized in Bohemia and Switzerland. The Apostolics were "WEERLOZE," meaning defenseless; they would not kill other humans.

ZWINGLI a political-militant Reformer died in battle while trying to force his Presbyterianism on Swiss Catholics. He also made five military moves against the Anabaptists, martyring numbers of them. "The Catholics burned the Anabaptists, the (High) Protestants drowned them. At the Diet of Speyer, in 1529, Catholics and Lutherans subjected them to the death penalty. Luther...by 1531...agreed to the death penalty."

AD 1533, There were big organizations of Anti-Nicenes and Anti-Trinitarians. Some were classed as "Sabellians." Racovians (Polish Bretheren) used Christocentric language. They openly attacked and denied the Trinity. In Turkish Hungary, there were over 60 Unitarian churches with schools. Note: Often Apostolics were thought to be Unitarians. Luther, Zwingli and Calvin hated them for that. They put Anabaptists to death for rebaptizing persons out of the Trinity. FELIX MANTZ a glossolalist and rebaptizer, was drowned on Jan. 5 1527 in the Limmat after being condemned by Zwingli and officials at Zollikon. Calvin burned the pious Bible translator--Rev. Michael Serevetus--to death in Geneva, in 1553 for denying Rome's Trinity theory. Serevetus died in "Jesus' name;" and Calvin murdered him in the name of the Father, and of the Son, and of the Holy Ghost! THE ATROCITIES OF MARTIN LUTHER. Luther hurled, "Wiedertaufer, Sacrament-schwärmer und andere Rottengeister" at Anabaptists. He imposed the Death Penalty against them! He called Apostolic preachers Winckelshliecher. He ordered, "Cosign the scamp to the Meister Hans;" which meant Hangman! Note: Most have only heard one-sided propaganda concerning Martin Luther. Many have been misled.

AD 1553 On June 25 was the GERMAN LUTHERAN-ROMAN CATHOLIC "Auto Da Fe" of MÜNSTER, GERMANY. The Apostolic preacher--Bernard Rothmann--had just re-baptized 1400 Münsterites into the name--Jesus Christ. The Apostolic Münster citizens wanted civil and religious freedom, a Bibliocracy, for such several thousand Apostolic Citizens were slaughtered by Luther's men and Catholic militants. The Apostolics were "WEERLOZE," unarmed and innocent. Historians have distorted the truth of some of the pious Münsterites to cover Lutheran-Catholic guilt of genocide. Not all citizens of Münster were Apostolics. Historians are unreliable concerning the Apostolic Christians of Münster. "Luther became a violent and brooding anti-Semitic...He called for the deportation...of the Jews," stated Shirer.

CATHOLIC SYSTEM: AD 1600 to 1700

The ROMAN CATHOLIC INQUISITION continued to turn the Eastern-Western Hemispheres into a holocaust! The High Protestants of Europe conducted an Inquisition of their own.)

AD 1600 to 1700 was A CENTURY of AUTO Da Fes. Sozzini founded anti-Trinitarianism. Many-but not all immersed in Jesus Name, holding it to be the believer's baptism. Sozzini denied that the Son and Holy Ghost were separate and apart from the Father. Many Socinians used Romans 6:3, "Baptized into Christ." Conventicler Christianity numerically multiplied, "The town churches (Catholic, Lutheran, Zwinglian) were drained." Woods, fields, and mountains were popular places of prayer and preaching. Pools and rivers were greatly used as baptismal sites.

AD 1607, Virginia was settled, it knew the first slaves.

AD 1609-1611, Robert Browne founded the English Baptist Church. In 1611 Thomas Helwys helped.

AD 1602-1625, THE KING JAMES BIBLE ca. 1611 the King James Bible was printed. There were 47 scholars appointed as translators. All were Trinitarians--most were Englishmen. They worked for seven years on it.

AD 1618-1648, The THIRTY YEARS WAR, when Catholics and Protestants committed war against each other.

AD 1624, QUAKERS owned SLAVES in America.

AD 1626, ST. PETER'S of ROME St. Peter's was dedicated. Its cost was estimated at \$50,000,000. Some money came from indulgence-extra sacramental remission of punishment of sin. Some was "blood- money" from Jews, etc., confiscations. Confiscations netted the Vatican hundreds of millions.

AD 1648, The Lutherans obtained 365 States in Europe.

AD 1649, On April 11, 109 Jews were burned in an AUTO do Fe in Mexico City. Between 1480-1834, there were more than 2000 Auto da Fes.

AD 1650-1670, QUIETISM OUTBREAK, in which 60,000 ex-Catholics experienced Pentecostal glossolalia. They shuddered and trembled as the Spirit moved them.

AD 1668, New York City was founded.

AD 1670, Anglicanism was forced upon people; there was mass murder. People fled to America. Many tongues-speakers immigrated. Tongues speaking English Quakers were sold as slaves to rich Catholics in Barbados and Jamaica. The Christ baptism was taken to the West Indies. William Penn denied there was a Trinity.

AD 1670, For a century Catholic conquistadors, Castilians, Jesuits, etc., had subjected nations from Old Mexico to Tierra del Fuego.

AD 1671, Jesuits like Jacques Marquette forced or duped many Indians into Catholicism.

APOSTOLIC CHURCH: AD 1600 to 1700

Historians refer to it as a century of "pietism." In "The Dippers Dip't," (an engraving) there is graphic proof of 15 major Anabaptist organizations.

Apostolics are depicted. Four other bodies depicted we think were Apostolics also.

AD 1568-1605, There was enthusiasm and eschatological Biblicism and Apostolics maintained Jerusalemic (Acts 2:38) doctrine in an International Federation of Apostolic Churches. Sabellianism was throughout Europe. Many pious clergymen were prepared to lay aside doctrinal differences and become true Apostolic Moravians. We prove that Armenian Apostolic Samosateneism was yet alive: In Larissa, Greece, from there Jesus Name brethren contacted Apostolics in Moravia. They yet possessed letters Apostle Paul had written to them in Macedonia. Tongues speaking Donatists were a continuing threat to Luther. Among those called, "Enthusiasts," were Apostolics also and Knox, on p. 82, figured that they had inherited Pentecostal Montanism.

AD 1605-1595, TONGUES SPEAKING Quietists were also throughout mainland Europe and in England. Knox associated their activity (glossolalia) with the Molinos--continuing Pentecostal Manichaeans.

AD 1629, Most Quakers and Shakers was Spirit filled tongues-speakers. Masses of them were in England. TONGUES in the WESTERN HEMISPHERE

AD 1662. English citizens meaning Holy Ghost filled, tongues-speaking Quakers--were deported from England, sold as slaves to rich Spanish Catholic families on plantations in Barbados and Jamaica. These pious glossolalists were sold under the "CONVENTICLE and FIVE MILE ACT." Pentecostal glossolalists thus went to the West Indies and spread. (Some took the Acts 2:38 doctrine with them)

AD 1663, African slaves carried glossolalia, one-God-ism, and Acts 2:38 ecclesiology to Haiti. Columbus had imported Blacks. In related history, Moravians imported Acts 2:38 and glossolalia into Pennsylvania and Georgia. Unitarians imported tongues speaking and the Christ water baptism into New England. By 1662 glossolalia was almost universal! SPIRIT TONGUES of the CAMISARDS AD 1685-1909, There were countless Holy Ghost outpourings, and manifestations of gifts. Flaming tongues of the CAMISARDS were heard--PROPHETS of the CEVENNES. NOTE: When Huguenots fled into the Cevennes earlier, Apostolic citizens indoctrinated many with Apostolic Pentecostalism. AD 1685, Thronrakians (Armenians. of Lake Van, Turkey) knew tongues and the Acts 2:38 baptism. (S. Runciman, The Manichee, under "Thronrakians," by Conybeare)

CATHOLIC SYSTEM: AD 1700 to 1800

The 18th century was one of holocaust dimension. It was one of Catholic-Lutheran wars. Catholic killed Lutheran, and Lutheran killed Catholic. Millions fled Europe. By 1700 there were perhaps 40,000 Black slaves, most in Catholic dominated So. America. AUTO Da FEs darkened the skies. The PAPAL INQUISITION was in full motion. These murder-fires were flaming in both Spain and Portugal; actually throughout Europe. Catholic anti-Semitism sent hundreds of thousands of Jews into the flames. Moors and other monotheists perished by the thousands.

AD 1733, Georgia of the USA was founded. Thousands of Catholics defected and found Holy Ghost salvation in a belief slandered as, "Convulsions." There were tongues, many healings, numbers of divine miracles as ex-Catholics started praying to, "Deus de Abraham." as many became Patripassians. In 1762, The French Parliament forbade miracles! There were uncountable miracles.

AD 1735, Catholic doctors in France condemned Pentecostal emotionalism, healing miracles, and tongues speaking. They considered people believing Acts two Phenomena to be near lunacy. Knox mentions unknown tongues on p. 380. Holy hands were laid on people: "Recevez le sceau du Saint Esprit." While the inhuman and inhumane CATHOLIC INQUISITION annihilated millions all over the world (universally by 1571) other hundreds of thousands received the Holy Ghost and its glossolalia.

AD 1700-1760, Count N. L. Von ZINZENDORF, became a preacher, and in 1722 founded a Trinity Anabaptist community called Herrnhut. Apostolics do not claim him. But on August 13, 1727, there was a glossolalic outpouring in their camp.

AD 1762, MIRACLES at ST. MEDARD. Innumerable divine miracles frightened the French government. Parliament forbade the use of the "Secours, comme pouvant etre dangereux." The government ordered: "Do not commit Miracles here!" "De par le roi, defense a Dieu. De faire miracle en ce lieu." AD 1774, Rev. John Wesley lost 400 Methodists to Jesus Name Moravian churches in London. NOTE: many of the more pious Anabaptists who had fled to England became tongues-speaking Apostolics under one name or another.

AD 1776, July 4 DECLARATION of INDEPENDENCE AD 1788 July 2 US CONSTITUTION ratified.

AD 1791 Rev. John Wesley died of consumption. AD 1790 There were ca. 3,500,000 people in America.

APOSTOLIC CHURCH: AD 1700 to 1800

The 18th century was also one in which Pentecostal tongues speaking flowed in great currents.

AD 1700-1760, There were two distinct divisions of Moravian Anabaptism. There was the Trinitarian Herrnhut community under Count Zinzendorf, in Saxony. He tried to compromise--mold different beliefs and religionists into a "Unitas Fratrum." In contradistinction, there were the Apostolic pastors in The Internal Federation of Apostolic Churches (of Acts 2:38 ecclesiology) in the Moravian wilderness. The Apostolics were persecuted. There were entire Apostolic colonies. Many of them lived in great prehistoric tunnels in Moravia. Howell Harris - a One-God preacher was known in this division, as was Peter Riedemann. These held a Christocentric doctrine it was labeled-Patrippassianism. Harris was concerned with Christ only doctrine: "We have to do with no one but the Son."

AD 1727, Moravian Spirit tongues and gifts were widely known.

AD 1727, H. Ghost revival in Saxony. Pentecostal Montanism its tongues speaking broke out in England. "Great dealers in the Spirit!" Pentecostal Montanism had never ceased! No less than eighty (80) different fundamentalistic religious organizations were in Europe. 1728-1731 there were 600 recorded MIRACLES! There was a 100-year prayer meeting. 1656 through 1733 were 77 years of Holy Ghost outpouring and unnumbered divine miracles. "THAUMATURGY was witnessed!" There were 600 divine miracles recorded! Unknown tongues were commonplace.

AD 1734, Rev. John Wesley and Charles Wesley went to the Moravian Christians for doctrine. Both turned to Moravianism. They witnessed Pentecostal glossolalia among the Moravians in Georgia--(US), and in Europe!

AD 1750, Wesley saw Apostolic Pentecostalism all around him in England. H. Harris and John Cennick preached the "New Birth" and were called "hot-gospellers!" Knox wrote on p. 464 about England being a "Pentecostal Babel!"

AD 1750, Moravians owned a chapel in London!

AD 1772, A Holy Ghost outpouring was in Sweden.

AD 1774, On Aug. 6, ANN LEE imported tongues speaking into the US. Tongues speaking spread. William Penn brought tongues to America in 1677.

AD 1779, Glossolalia swept New England.

AD 1779-1891, In Kara Kala (Turkish and Russian Armenians) by hundreds of thousands had the Holy Ghost, and settled in Los Angeles. Many of these had Acts 2:38 doctrine, and brought it to America long before the Azusa revival.

CATHOLIC SYSTEM: AD 1800 to 1900

Everyone should read the following books: *The Vatican Against Europe*, by Edmond Paris; *In God 's Name*, by D. A. Yallop; *Rich Church Poor Church*, by Malachi Martin; and *The Popes And The Jews in the Mid. Ages*, by Ed. Synan. Contrary to age-old Catholic propaganda we have seen in preceding pages that Rome's "ism" WAS NOT the only religion, and WAS NOT the only Church! In fact, this book denies that Catholicism was ever Upper Room Christianity. Why? On what basis? Obviously Catholic ecclesiology does not identify with Acts 2:1-4 and 2:38 or Deuteronomy 6:4. True or biblical religion stemmed from Jerusalemic-Hebraic source, not from Greek or Italian.

Christ had advocated love, not Auto da Fes. As noted, Catholic history is one of COERCIONISM, hate INQUISITION Auto da Fes, quemaderos, and CONFISCATIONS. For 1400 years that system burned Christian's Bibles; it slandered and slurred all non-Catholic as "heretics!" For proof look into religious history books. It is time to put a stop to such slander and libel! 1803, Immorality in Catholic art and Literature. (Roth, 195) 1804, NAPOLEON fought the VATICAN. This French emperor restricted papal rule, and seized papal lands. "Destroy Rome and the papacy," he advocated.

In 1780-1820 the Catholics in Spain committed AUTO Da FE (burned) 5,000 Jews. See: *Genocide in the Satellite Croatia*, by E. Paris. In 1820-1931 there were civil wars in Spain. Spain's unwanted people by thousands were murdered. CATHOLIC INQUISITION ENDED!

NOTE: The papal INQUISITION only ended on July 15,1834! America was about 250 years old when it ended!

It started in AD 1233. In 601 years it is estimated that about 68,000,000 persons suffered death. The Vatican by it had acquired billions of dollars, and millions of acres. Only in 1860 was the "limpieza," (a certificate of purity of blood, meaning no admixture of Jew or Moor blood abolished in Spain! Legally, on paper at least, Catholic atrocities ended. But few know that Hitler was a Catholic, and that Auschwitz and Buchenwald, etc., were but a 20th century version of Auto da Fes! The frightful USTASHI members in Yugoslavia, in 1941-1944, were modern inquisitors. BULL FIGHTS HAD ORIGIN! Few Americans know that cruel bull fights had origin mainly after Auto da Fes could not be openly used to entertain the public 1861. On April 12, the Civil War and President Lincoln started to abolish human enslavement. 1865. The Civil War ended. 1888. There was earth's greatest snowstorm. 1900. There were 76,000,000 persons in America.

APOSTOLIC CHURCH: AD 1800 to 1900

A person asked, "Why didn't we hear more about Apostolics during the 19th century?" Firstly, they were around. However, the Catholic Inquisition had reduced their numbers greatly. Until Peter Waldo's time (1164-1179) there had been mostly Apostolic organizations, or else the Catholic system to be in. Waldo and Luther set the trend to compromise--to digress to Rome's Trinity Godhead theory and ignore Acts 2:38 doctrine. Then Protestant Trinitarian influence lured the greater numbers. Waldenses, Mennonites, Hutterites, Lollards, Amish, Methodists, Baptists, Presbyterians, Anglicans, etc., turned to Trinitarianism and ignored Apostolic ecclesiology. 1802, Vermont had Shaker tongues outpouring. 1803, Camisard tongues speaking erupted in Europe. Glossolalia in many organizations made history in 1803-1830 in Britain. Ann Lee denied there was a Trinity.

There were 160,000 Quaker and Shaker glossolalists in America. 1830, The One-God branch of Plymouth Brethren in England used exclusively the Acts 2:38 water baptism. So did most Anti-Nicene, Anti-Trinitarian, and Unitarian bodies.

1830-1909, There were Apostolic colonies of Moravians. 1828-1831, NOTE: See R. A. Knox, p. 81, concerning glossolalists with Acts 2:38 doctrine--Priscillianists, Donatists, Manichee, Montanists, Bogomils all being in Russian Armenia (and Turkish) in 1828. Some took glossolalia and the Acts 2:38 doctrine to ghettos of Los Angeles long before Azusa.

1830, Edward Irving saw some of his followers, as well as thousands of others, practicing Spirit glossolalia--Celts, jumpers, Jerkers, Roarers, etc. Knox, p. 464, called England "Pentecostal Babel." 1834, Spirit tongues were reported in India, China. Glossolalia knew no shortage. 1835, Lowell, Ohio, had an Acts 2:38 Church of Camisards.

1841, a Spirit outpouring was in Sweden. 1850, Dan Huntington in Boston, Mass. baptized converts according to Acts 2:38. 1854, There was a 10 year long revival in Lebanon, NY, and thousands became Spirit filled glossolalists. There was an organization of Acts 2:38 clergymen in Canada: "They operated Apostolically." They also contended for the primitive Church. 1856, More than 160,000 tongues-speakers inhabited America.

Quakers had the Holy Ghost. Most denied the Trinity. 1860-1904, Rev. Alvin E. Velie, of Florida, baptized thousands according to Acts 2:38 in Wisconsin and Minnesota in a single revival. 1899, There was a massive H. Ghost outpouring in Oslo in 1899-1902.

CATHOLIC SYSTEM: AD 1900

Most are aware of 20th century Catholic functions. Millions believe this system to be the apocalyptic personality depicted in Revelation 17:5. The Decline and Fall of the Roman Church, and The Final Conclave, by M. Martin; as well Roman Catholicism, by L. Boettner, depict modern Catholicism. Mostly--the system has never really changed. It is as lethal now as it was in Charlemagne's lifetime; only International Laws restrict it.

1903, Pope Leo XIII fought freedom of religion. "The . . . Church can tolerate no strange churches besides herself." "Individual liberty in reality is only a deadly anarchy," Pope Pius XII, April 6, 1951." We declare, say, define . . . that every being should be subject to the Roman Pontiff." "The pope is the supreme judge, even of civil laws, and is incapable of being under any true obligation to them." (Civiltà Cattolica) This is age-old Constantinianism!"

1917 April 6, America was in WWI. 1921 saw WWI end. 1920, Henry Ford, the industrialist, published anti-Semitic books. Hitler had his photograph. H. Ford was photographed as he was awarded the Grand Cross of the German Eagle from Hitler.

1927, Mexico blasted open Catholic convents. 1929-1937 The Great CRASH and DEPRESSION. 1929, The LATERAN TREATY made the Vatican and Italy into a single State. Anti-Semitism erupted! Fascist Mussolini was the dictator who signed the Concordat with Pope Pius XI. The Vatican envisioned a restored Roman Empire. Ethiopia was destroyed. Church-State ended in Italy on March 22, 1985. 1933, On January 30, A. Hitler was made the German Chancellor. He was a Roman Catholic--baptized at Linz. Some top Nazi leaders were Catholic. He devised GENOCIDE against JEWS! A Reign of Terror erupted!

1933, The CATHOLIC CHURCH had a CONCORDAT with NAZI GERMANY'S ADOLF HITLER! On July 20, 1933, Pope Pius XI (Eugenio Pacelli) signed the "CONCORDAT" with Hitler's Von Papen. Article 16 almost completely put the Catholic system in the Greater Third Reich under Hitler's command. The Vatican was implicated with Germany. Jews were rounded up at St. Peter's Square and shipped to Hitler's crematoria of Auschwitz. (M. Martin, Three Popes and the Cardinal pp. 18-24) Hitler was an Inquisitor for the system as had been Torquemada. Auschwitz and other Death Camps in Catholic Poland were 20th century Auto da Fe sites! There was the "USTASHI" of Yugoslavia. (See: Dr. L. Kostich. Holocaust, concerning the USTASHI). Some officers or bishops--Pavelich, Stepinac, Trifa, Barbie, Rudolf, etc., have been named war (WW II) criminals in relation to anti-Semitism. An estimated 100,000 Serbs were forced into Catholicism.

On September 8, the Israeli President and Cabinet accused the Vatican of being the Murder Cult Headquarters for Jew killers, and denounced its six- (6) year "SILENCE" during the holocaust. (NBC, ABC, Tele, Detroit)

APOSTOLIC CHURCH: AD 1900

BIBLICAL CHRISTIANITY--meaning The Jerusalemic (Apostolic) CHURCH depicted in Acts two--made its way from AD 33 through every AGE into the 20th century doctrinally intact and fully operable! St. Mt. 16:18 is accurate: "The gates of hell had not prevailed against the Church." St. Peter's (basic) divine ecclesiology that constitutes Acts 2:38 was fully preached in every single decade! "Christ had not left Himself without witness." (Acts 14:17). Always some wise and Scripturally conscious persons utilized Acts 2:1-4, 2:38 and Deuteronomy 6:4. We have seen proofs of such phenomena in this book. NOTE: (Pentecostal) Christianity did not originate at Topeka or Azusa, nor was it revised or restored there! From 1556 through 1909--thus independent of Topeka or Azusa there had continued Apostolic colonies in Moravia.

Organizations of Pentecostal Apostolics, under different, names, were in Russian-Turkish Armenian regions until the sure dates of 1828, 1909. There were tens of thousands of Spirit filled glossolalists.) In the 19th century many had settled in Los Angeles ghettos. 1884-1904. The Rev. Alvin E. Velie, of Florida, used the Acts 2:38 Christ formula, and saw thousands receive glossolalia. 1901,

There was the famed Topeka, Kansas, outpouring of the Holy Ghost. The glossolalia phenomenon became amplified. It became widely known which was partially due to: spiritual hunger among masses, to modern news media, and the extensive use of the automobile. Charles F. Parham, the Topeka pastor, was not the formulator of any area of Pentecostalism. 1903, The Rev. Howard Goss was baptized in the Name Jesus Christ, in 1903. 1906-1909, The AZUSA HOLY GHOST OUTPOURING gained worldwide attention! Tongues speaking, technically known as glossolalia, was heard in heavenly gushes during the Azusa revival.

At Azusa there was the tongues-speaker--also present was the unknown tongues interpreter--the glossolalist. For three nights, through tongues, the Spirit said, "Arise and be baptized in the Name of Jesus Christ" Leaders did not obey. At times an almost awesome quietness would seize the audience. The Rev. W. J. Seymour was the pastor at first. As F. J. Ewart put it, "The meeting lasted for over three years, going on night and day." It was another spectacular example of the repetitious outpourings continuing from Pentecost. 1904-1909,

There was a mighty Holy Ghost outpouring among the Welsh. 1907-1910, Some theologians and scholars wished to repress the glossolalia phenomenon. However by divine prerogative the "tongues-movement" spread to Galena, Kansas, to Orchard, Texas, to Ohio in 1908, and to Rochester, New York etc. APOSTOLIC CHURCH: AD 1900 1907-1908, SAMOSATENE, ARMENIAN, APOSTOLICS were strong in 1828-1909, in Moravia and Armenia, as noted. From Armenia some immigrated and had settled in Los Angeles.

A Russian bearing Acts 2:38 desired to preach at Azusa, but was rejected by W. J. Seymour. Howard Goss and many others had been baptized into the Name-Jesus Christ by 1903. The Acts 2:38 water baptism was no innovation. However, it was new to some Armenians.

CONTROVERSY OVER THE CHRIST BAPTISM 1904-1912

Some Trinitarian theologians wished to suppress the biblical (Acts 2:38) baptismal formula. The Post-Apostolic Fathers, successions of popes, and High Reformers had also attempted similar suppression. They never succeeded. The controversy raged. Apostolic clerics showed no interest in Rome's Platonic Trinity, their orientation was Christocentric. To them Christ was YHWH--and biblical doctrine reached full-orbed expression in the Acts 2:38 formula and Deuteronomy 6:4. 1913,

In April, there was a "MOOD of EXPECTANCY!" R. E. McAlister was preaching and reconfirmed that, "original water baptism had always been in the Name-Jesus Christ." Such men as J. G. Scheppe, Dr. Sykes, G. A. Cook, F. Ewart, etc., heard this doctrine reiterated. They and many others accepted it as biblical revelation. They saw it plainly stated in the Bible. 1914, April 15th EWART PREACHED ACTS 2:38! Rev. F. J. Ewart, near Los Angeles, conducted a tent revival and preached full-orbed Petrine ecclesiology. Glenn Cook and Ewart baptized each other according to Acts 2:38; 8:16.

This meant that "Modalistic Monarchianism" and Patripassianism (the same as Sabellianism) continued from AD 33. Here were men like Noetus, Sabellius, Paul of Samosata, Wolflein, etc., and they continued Upper Room doctrine.

BIBLICAL DOCTRINE WAS SLANDERED! 1915, It is the strangest of phenomena how those adverse clerics have ignored, or persecuted, or slandered doctrinal ingredients constituting Deut. 6:4, Acts 2:1-4, 38, 8:16; 19:5! For holding monotheism pious Jews were subjected to the Spanish Inquisition and to Auschwitz. The popes and Roman armies for holding the Christ baptismal doctrine persecuted Samosatenes. The Assembly of God clerics also continued that spirit of slander by calling Apostolics: "Sabellians, hopeless heretics, Jesus Only, and radical monotheists!" Theological phenomena-especially concerning name calling- has changed but little in 1700 years! 1915,

APOSTOLIC PENTECOSTALISM swept through Canada. 1914-1916, Apostolic Revivals swept the Southern States.

1916, The ASSEMBLIES of GOD REJECTED ACTS 2:38 Petrine doctrine. Historically, this was no innovation. Waldo accomplished a similar rejection in AD 1179 when he accepted Rome's Godhead theory.

APOSTOLIC ORGANIZATIONS

Primitive Judaic-Christianity had origin at Jerusalem. The Jewish Apostles, deacons, elders, brethren and lay members, mentioned in Acts 6:1-6; 15:1-7, 22, collectively constituted THE CHURCH. This Apostolic body constituted a specifically religious organization. Succeeding it--and throughout each century--there have been functionally similar organizations under different names--each adhering tenaciously to Petrine ecclesiology found in Acts two. These religious organizations arose mostly out of need--sometimes severe stress and religious association proved to be helpful and aided in the spread of Jerusalemic (Acts 2.-38) doctrine. 1917, On January 3, there was founded,

The GENERAL ASSEMBLY Of the APOSTOLIC ASSEMBLIES. 1915, The Rev. Frazee founded The PENTECOSTAL ASSEMBLIES of the WORLD, in Los Angeles. Around 1917 the great and famous G. T. Haywood, of Indianapolis, Indiana, became president of the PA of W. He was among the greatest of Apostolics. 1936, At CHRIST CHURCH APOSTOLIC, in Royal Oak, Michigan, an Ethiopian prince who possessed the Holy Ghost and advocated the Acts 2:38 water baptism--affirmed that this religion was then current in his country and had never been absent. (Ross Paddock, Kalamazoo, Mich.) 1945,

In September, The Pentecostal Church Incorporated, and The Pentecostal Assemblies of Jesus Christ, merged and formed The UNITED PENTECOSTAL CHURCH, Inc., located at Hazelwood, Missouri.

Another great Apostolic organization is The ASSEMBLIES of the LORD JESUS CHRIST, of Memphis, TN. 1948, On March 14, Israel became a NATION! 1984, In November, The APOSTOLIC WORLD CHRISTIAN FELLOWSHIP, Inc., of South Bend, Indiana, published a letter stating that it was constituted by fifty-five (55) Apostolic organizations, with affiliated ministers numbering 8,000.

UNIVERSAL APOSTOLIC CHRISTIANITY in the 20th CENTURY 1986, There is a powerful Apostolic organization in China, and on Taiwan, under the name--TRUE JESUS CHURCH. Also, in Old Mexico, there are mighty bodies of Apostolic Christians, as well in Central and South America. We have seen that the primitive Judaic-Christian Church, of Jerusalem, AD 33, made its way doctrinally intact through every century into our day. The present is to some extent indicative of the past. In relation, Apostolics have always been about the same- morally and doctrinally conscientious.
